

ATHARV SINGH RATHORE

Dallas, Texas, 75035 • (945) 527-5559 • atharvsinghrathore13@gmail.com • [Portfolio](#)

EDUCATION

University Of Texas at Dallas **May 2026**
Bachelor of Science in Computer Information Systems and Technology GPA: 3.83
Relevant Courses: Information Technology for Business with Excel and Business Process Modelling, Object Oriented Programming with Python and Java, Quantitative Business Analysis with Excel analytical tools, Predictive analytics and Tableau dashboards and report making

SKILLS

SQL, Excel (PivotTables, VLOOKUP/XLOOKUP, data cleaning, dashboards), Tableau, Python (Pandas, NumPy, Matplotlib, Seaborn), Big Query, R, Looker, Java, Power BI, Slack, SPSS, Oracle, Amplitude, Sybase, Google Analytics, GitHub, Trello, Jira, SAP Hana, Confluence, Lucid Chart, Agile, Scrum

EXPERIENCE

Busy Bees Logistics, Bhopal, India **November 2021 - March 2022**
Data Analyst Intern

- Analyzed operational data from 100+ service centers using optimized SQL queries, uncovering key inefficiencies that led to a 15% improvement in process turnaround time through targeted recommendations
- Utilized advanced Excel functions, including PivotTables, VLOOKUP, and conditional formatting, to clean, organize, and present warehouse activity data for senior management, resulting in clearer insights and faster decision-making on warehouse operations.

Jindal School of Management, Dallas, Texas **February 2024 - Present**
Desk Worker

- Maintained and updated a help log database using Excel, organizing entries with filters, conditional formatting, and lookup functions to streamline data entry and reporting.
- Assisted students with various inquiries and support requests, documenting interactions and solutions provided to ensure accurate service records and follow ups.

PROJECTS

Sales Data Analysis Using SQL **November 2024**

- Worked with large datasets in Microsoft SQL Server, using functions like SUM, LAG, and DATEPART to calculate key performance metrics such as sales growth, regional performance, and top-selling products.
- Analyzed sales data to find unusual trends or errors using variance analysis and SQL filtering, helping improve the accuracy of business reports.

Data Breach Analysis Using Excel and Tableau **November 2024**

- Analysed over 5 million records to uncover key trends in data breaches, revealing that 50% were caused by hacking and providing insights that supported stronger cybersecurity strategies.
- Prepared and structured raw data using advanced Excel techniques (cleaning, filtering, pivot tables) and developed an interactive Tableau dashboard to visualize 10 years of breach trends by industry, organization size, and breach type.

JSOM Case Study, UTD **January 2024**

- Spearheaded the financial analysis for a hypothetical US bank case, evaluating the financial feasibility of proposed cybersecurity solutions and driving the team's strategic decision-making process.
- Collaborated with teammates to find financial and operational insights into a cohesive business solution, demonstrating leadership and teamwork skills.

ORGANIZATION EXPERIENCE

Hindu Yuva UTD, Officer **January 2024 - Present**

- Utilized Excel to efficiently track attendance, gather feedback, and monitor engagement for events, leading to improved success rates and a stronger overall impact on club activities.
