PROFESSIONAL EXPERIENCE

Wipro Limited

TD Bank (Toronto, Canada)

Business Analyst & Junior Project Manager | Nov 2021-Oct 2022

- Gathered and documented business requirements for enterprise level API development to support a global wires modernization project and to uplift TD bank's ATM front end and operational software platform.
- Facilitated Agile scrum ceremonies like sprint planning, Daily stand-up's, review & retrospectives with cross functional teams to enable project on track delivery & continuous improvement.
- Created and maintained Project plans on MS Project and tracked resource allocation via Clarity PPM.
- Developed dashboards and tracked change requests through ServiceNow ITSM to support timely API deployment reducing follow up time by 40%
- Delivered weekly status reports to key stakeholders driving resolution of blockers and reducing delivery delays by 25%

Global Delivery Network-COO's office (Bangalore, India)

Business Analyst & Product Manager | Apr 2019-Oct 2021

- Managed product lifecycle for Global Delivery Catalogue application created to support 2000+ sales and pre-sales employees in 60+ countries.
- Created PRD, FRD, user stories & acceptance criteria in Jira. Led sprint planning and backlog grooming for 5+ releases.
- Initiated AI discovery discussions to explore automated content extraction which included NLP powered enterprise search, personalized recommendations and "Ask about country" assistant leveraging NLP & internal knowledge graphs to answer business queries.
- Presented product demo and insights to the COO influencing product strategy and scaling user adoption by 30%.
- Drove product adoption through successful internal launch campaigns in collaboration with marketing and tech teams resulting in 12000+ unique user visits quarterly.
- P&L analysis of 16 strategic global delivery centers along with finance team to track QoQ revenue and cost. Presented insights derived from P&L analysis and tracking of operational parameters to SVP level management leading to 5% improvement in cost efficiency per quarter amounting to 1.15-1.50 Mn USD.

Wipro Holmes (AI platform), Citibank US, JPMC Australia (Pune, India)

Business Analyst & Product Manager | Aug 2017-March 2019

- Led requirements gathering and BRD & FRD development for AI/ML based E-KYC Cognitive Solution product for Citibank and JPMC, reducing KYC analyst review turnaround time by 45%.
- Implemented Wipro Holmes Contract Intelligence tool for ERM solutions. Reviewed 100+ service contracts in collaboration with ERM and legal team to determine essential and relevant clauses for extraction to train the ML model.

- The tool led to an 85% reduction in turnaround time, a 60% reduction in effort and 99% accuracy in contract data processing.
- Owned NLP-based search feature within the tool enabling intelligent query handling and faster contract discovery.
- Conducted UAT & functional testing and JAD sessions with the development, UI/UX teams & other key stakeholders.
- Presented product demos and coordinated with pre-sales teams for POC developments for new clients contributing to 2 new business wins.

RBL Bank, Union Bank of India (Mumbai, India)

Junior Business Analyst | Jun 2016-July 2017

- Created a fraud propensity scoring model for RBL bank included in the BRD for early detection of financial frauds as part of the SAS based Fraud Management system.
- Gathered business requirements for a SAS marketing analytics & campaign management project for Union Bank of India.
