SUMMARY

Computer Science & Data Science graduate with internship experience in big data analytics, SQL, Spark, and Python. Proven ability to work with real-world datasets to extract insights and support data-driven decision-making. Seeking an entry-level Data Analyst or Data Scientist role to apply analytical and technical skills in solving business problems.

EDUCATION

University of Wisconsin–Madison

Madison, WI

Degree: Bachelor of Science

May 2025

Double Major: Computer Science and Data Science | **Certificate:** Consulting

PROJECTS & ANALYTICS WORK

The Future of the NFL: Predicting Plays Using Artificial Neural Networks

- Designed an LSTM neural network using Keras and TensorFlow to predict Run-Pass-ST to a 72% accuracy
- Used data manipulation with Pandas, including cleaning, filtering, and transformation to prepare the dataset for analysis

PROFESSIONAL EXPERIENCE

CNH (Case New Holland) Industrial

Burr Ridge, IL

Big Data Software Engineering Intern

May 2023 – August 2023

- Conducted metric analysis and identified KPIs in over 100 different tractor models, enabling data-driven decisions for the engineering team
- Developed Databricks notebooks using Python, Spark and SQL to process 40TB+ data lakes
- Designed and implemented Power BI dashboards to deliver a comprehensible analysis of tractor profiles and key metrics

Plante Moran

Chicago, IL

IT M&A Consulting Intern - Business Technology Advisory

June 2024 - August 2024

- Conducted IT due diligence assessments for mergers, acquisitions, and divestitures, including risk assessments, technology evaluations, and integration planning
- Supported client discussions on post-close engagements by developing strategic roadmaps and integration strategies
- Designed and implemented IT risk management strategies, including disaster recovery planning and cybersecurity risk management, reducing potential downtime and enhancing cybersecurity posture
- Collaborated with internal stakeholders and clients to deliver vendor evaluations and support ERP/MSP implementation

University of Wisconsin–Madison

Madison, WI

Computer Science 200 (Programming I) Peer Mentor

August 2023 – May 2025

- Led 4 lab sessions, guiding students in the practical application of lecture concepts through group coding activities
- Provided weekly office hours, offering personalized assistance to over 1,000 enrolled students
- Assisted in developing coding-focused curriculum and established grading rubrics for manual code evaluation

TECHNICAL SKILLS

Languages: Python, R, Scala, SQL, Java, Javascript, C, Bash

Tools: Databricks, PowerBI, Tableau, Spark, Cassandra, Kafka, BigQuery, HDFS, Docker, Oracle NetSuite, GCP, gRPC

Methods: Predictive Modeling, Data Wrangling, Dashboarding, ETL Pipelines, Data Visualization, API Integration

LEADERSHIP

Code For Good

Madison, WI

Senior Advisor

August 2024 – May 2025

- Worked with Teach for America on creating introductory programming curriculum for K-6 students in the Madison area

BreakthroughT1D (FKA JDRF)

Chicago, IL

Youth Ambassador

March 2017 – May 2025

- 1 out of 100 children across the country to attend Children's Congress and speak to the U.S. Senate regarding Diabetes

Badger Consulting

Madison, WI

Project Manager

August 2023 – December 2023

- Led 8 analysts on pricing and marketing analysis for a local sports team in direct collaboration with the CFO
- Presented a strategic case to the executive team addressing real-world challenges through data-driven recommendations

Director of Finance

August 2023 – December 2023

- Managed a budget of \$5,000 through the collection of dues and strategic fundraising and financial planning initiatives

Delta Chi Fraternity (Madison Chapter)

Madison, WI

Treasurer

December 2022 – December 2023

- Managed a yearly budget of \$50,000+, controlled records of collections and disbursements, balanced member accounts
- Worked with national headquarters and campus administrators as a part of the executive board for 100+ members

PERSONAL INTERESTS

Diabetes Outreach, Golf, Concert Band Ensemble, Jazz Drumming, Music Reviewing, Motorsport, Mountain Biking
