

Michael Randolph

Falls Church, VA | <https://tinfold.xyz> | 601-479-5181 | mrandolph9000@gmail.com

EDUCATION

Virginia Tech

Bachelors in Computer Science, Minor in Mathematics

- 3.31 GPA

Blacksburg, VA

12/2023

WORK EXPERIENCE

Steely LLC

Fullstack Software Engineer, Top Secret Clearance

Reston, VA

08/2023 - Present

- Led full-stack VSAT application development using **React**, Typescript, TailwindCSS, Redux Toolkit, and shadcn, backed by a **Dockerized Spring Boot** and **PostgreSQL backend**, following a microservice-oriented architecture.
- Built and managed **FastAPI** microservices to control satellite survey hardware.
- Created **Ansible** Playbooks to automate deployments and manage hardware states.
- Redesigned a legacy UI with React + RTK Query + CSS3, greatly improving UX.
- Developed an internal **Electron** application for secure message exchange.
- Mentored interns by designing project architecture, setting up skeleton repos, and providing technical guidance.
- Process improvement: Introduced **Figma**, Penpot, v0, and Excalidraw, for high-fidelity UI/UX workflows.
- Process improvement: Refreshed the internal frontend stack (React, Typescript, shadcn).

Brambleton Computer

Computer Repair Technician

Roanoke, VA

09/2019 - 04/2023

- Diagnosed and repaired diverse hardware (laptops, desktops, printers, smartphones, etc).
- Excelled in customer interaction and boosted small business sales through technical consulting and part sales.
- Performed on-site infrastructure work for a variety of local businesses.

PROJECTS

Personal Website:

- Created a personal blog/portfolio in React + **NextJS**, Typescript, TailwindCSS, and shadcn.
- Designed a fully custom content management system (CMS), utilizing **Firebase** Firestore, Firebase Cloud Storage, Firebase Auth, and Google Cloud Functions. Hosted with Vercel. Check it out at <https://tinfold.xyz>

CERTIFICATIONS

AWS Cloud Practitioner: Obtained on 04/30/2025, valid through 04/30/2028.

SKILLS & INTERESTS

Fullstack: React, Typescript, TailwindCSS, Redux Toolkit, RTK Query, shadcn, Spring Boot, PostgreSQL, FastAPI, Docker, Ansible, Electron, Figma, Penpot, Excalidraw, Obsidian, v0

Languages: Python, Java, Rust, C, C#, Lua, Javascript/Typescript

Misc: Godot, Unity, Vegas Pro, Blender, Inkscape, GIMP, FL Studio, Mixing/Mastering, Sound Engineering, Linux, Bash/shell scripting

Interests: Professionally, I'd love to grow and be more involved in cloud development. I've been pursuing certifications in this area, and am currently working on AWS Solutions architect.

Personally, I love developing video games, hobby programming, and producing music. I love etymology and languages, and can speak three!
