Maximo NPD-Developer and Java Developer

A motivated and detail-oriented software developer with professional experience in both software development and quality assurance. Michele has strong technical aptitude, a problem-solving mindset, and the ability to manage multiple tasks and projects efficiently. He is a collaborative team player with a proven track record of delivering high-quality solutions on time. He has been engaged with the ADM Project for the past 20 months on the Maximo NPD team as a Maximo Developer and, more recently, on the WildWare team as a WildWare developer.
