EDUCATION

Stevens Institute of Technology	September 2022-May 2024
M.S in Engineering Management	
Graduate Certificate in Systems Engineering	
NMIMS University, Mumbai, India	April 2022
Bachelor of Technology in Mechanical Engineering	

PROFESSIONAL EXPERIENCE

PNC Inc , New Jersey	June 2023 – September 2023
Assistant Operations Manager - Intern	
- Accomplished 15% increase in manufacturing efficiency through process optimization strategies - Reduced lead times by 10% through comprehensive CAD program review. - Achieved seamless production flow by administering critical processes in drilling department. - Overhauled inventory management system, ensuring material specification compliance. - Implemented continuous improvement initiatives through timely stock counts in manufacturing department.	
Schneider Electric , Mumbai, India	OCTOBER 2021 –May 2022
Mechanical Engineer, Research & Development - Intern	
- Transformed production processes by collaborating with the production team, resulting in simplified operations and increased productivity - Achieved cost savings of \$50 by designing and developing mechanical components, thereby reducing assembly costs - Facilitated improved product quality by guiding a team of 4 interns in resolving design and assembly issues with vendors, leading to systemised processes - Collected valuable insights on complex engineering matters, including cost, schedule, and constructability, through collaborative efforts with project managers and designers	
Reid & Taylor , Mysore, India	JULY 2021 – October 2021
Mechanical Engineer - Intern	
- Implemented technological solutions to enhance process efficiency and productivity by 20%, contributing to improved operations - Developed streamlined processes and generated actionable solutions for breakdowns through strategic planning, data collection and feedback analysis, resulting in enhanced operational efficiency.	

SKILLS & OTHER

• Project Initiation	• Inventory Management	• CAD
• Project planning	• Process Improvement	• Problem Solving
• Scope Management	• Strategic planning	• Python Programming
• Supplier Management	• Cost Management	• MS Office

CERTIFICATIONS

- Engineering Project Management: Scope, Time and Cost Management – RICE university
- Engineering Project Management: Initiating and Planning – RICE university
- Management in Engineering: Accounting and Planning – MITx
- Manufacturing Systems I – MITx
- Manufacturing Process Control I – MITx
- Mechanical Behavior of Materials: Linear Elastic Behavior – MITx
- Diploma in product Design and Analysis – CADD Centre

Publications

Technical Research Paper – Overview of Friction Technical Research Paper

December 2019

Academic Projects

Designed and Fabricated a Foldable Electric Bike

April 2021

- Devised a foldable E-bike and fabricated parts by prioritizing efficiency and recharging 30% of alternate battery with pedal assist for ease of use

Smart Curtains

March 2018

- Created an automated system for movement of curtains using microprocessors for energy saving

Portable Charging Circuit

February 2017

- Built a \$6 portable circuit for charging devices from 9V batteries
