

Mohammed Safi

St Louis, MO | +1 (314) 717 0149 | itsmemdabdulsafi@gmail.com | [Linkedin](#)

Java Full Stack Developer with 3+ years of experience in designing and developing scalable web applications using **Java, Spring Boot, Hibernate, Angular, React, and RESTful APIs**. Skilled in building **microservices, cloud-based solutions, SQL/NoSQL databases, CI/CD pipelines, and Agile development**. Strong knowledge of **Azure and AWS cloud platforms**, secure authentication, and performance optimization.

Technical Skills

- **Backend:** Java, Spring Boot, Spring MVC, Hibernate, JDBC, RESTful APIs, Microservices, Node.js
- **Frontend:** JavaScript, TypeScript, Angular, React, HTML5, CSS3, Bootstrap, jQuery
- **Databases:** Oracle, MySQL, PostgreSQL, MongoDB
- **Cloud G DevOps:** Microsoft Azure, AWS (EC2, S3), Docker, Kubernetes, Jenkins, Git, GitHub, CI/CD Pipelines
- **Testing G Tools:** JUnit, Mockito, Postman, Maven, Gradle, IntelliJ IDEA, VS Code
- **Methodologies:** Agile (Scrum), SDLC, Test-Driven Development, Object-Oriented Programming, Design Patterns
- **Certificates:** Microsoft Certified - Azure Developer Associate

Professional Experience

Java Full Stack Developer - Prudential Financial, USA |

May 2024 - Present

- Designed and developed **RESTful APIs using Spring Boot and Hibernate**, reducing response times by 25% while ensuring scalability for high-volume financial transactions.
- Built and deployed **Angular and React SPAs with state management (Redux/NgRx)**, delivering responsive UIs and improving user engagement scores by 20% based on client feedback.
- Implemented **JWT authentication and role-based authorization**, strengthening application security and maintaining compliance with financial data governance regulations.
- Migrated applications to **Azure Cloud with Kubernetes deployment and Azure Monitor**, reducing infrastructure costs by 15% and improving scalability and observability.
- Automated deployments with **Jenkins and Azure DevOps CI/CD pipelines**, reducing release cycle time from several hours to under 20 minutes with near-zero downtime.
- Refactored legacy applications into **microservices architecture**, increasing maintainability, improving debugging efficiency, and reducing production defects by 30% during UAT.
- Developed **unit and integration tests using JUnit and Mockito**, achieving 80%+ code coverage and cutting post-release defects by 25%.
- Partnered with **cross-functional Agile teams and stakeholders**, delivering 95% of sprint commitments on time while improving business alignment and client satisfaction.

Java Developer - Hexaware Technologies - India |

Jul 2020 - Aug 2022

- Built **Java applications using Spring MVC, Hibernate, and REST APIs**, improving backend efficiency and reducing transaction processing time by 20% for enterprise clients.
- Designed and optimized **Oracle SQL queries, stored procedures, and indexes**, boosting database performance and reducing query execution time by 35%.
- Developed and maintained **RESTful APIs for third-party integrations**, handling 10K+ daily API calls with 99.9% uptime and ensuring reliable system communication.
- Leveraged **AWS EC2 and S3** for application hosting and file storage, enabling secure deployment and reducing infrastructure provisioning time by 30%.
- Created **multi-threaded batch processing services**, cutting data file processing from 3 hours to 45 minutes and improving overall system throughput.
- Implemented structured **logging, exception handling, and debugging strategies**, reducing defect leakage rate by 15% across multiple production releases.
- Collaborated with QA teams and business stakeholders to resolve defects, achieving 98% resolution within SLA timelines while improving customer satisfaction.
- Wrote **JUnit test cases and Maven build scripts**, automating build and testing workflows and reducing manual testing effort by 40%.

Education

Master of Science in Information Systems | Webster University - St. Louis, MO |

Oct 2022 - May 2024

Bachelor of Science in Computer Science | Telangana University - Telangana, India |

Jun 2017 - Jul 2020
