

EDUCATION

Master of Science, Data Science	Jan '24 - Present
The University of Texas At Arlington, TX	
B.Tech, Chemical Engineering	Aug '19 - Jun '23
Chaitanya Bharathi Institute of Technology	Hyderabad

SKILLS

- Programming & Data Analytics: Python, R, SQL, JavaScript
- Machine Learning & AI: Scikit-learn, PyTorch, TensorFlow, Large Language Models (LLM)
- Data Visualization: Tableau, Power BI, Matplotlib, D3.js
- Big Data & Databases: Apache Spark, MongoDB, MySQL, h2
- Web Technologies: FastAPI, React, HTML, CSS
- Operating Systems & Tools: Linux, Google Colab, Jupyter Notebook

WORK HISTORY

Internship	Feb '23 - May '23
Sparsha Pharma Industries(Indo-Japanese Company)	Hyderabad
Streamlined office processes for improved efficiency and time management through regular organization and filing.Supported staff members in their daily tasks, reducing workload burden and allowing for increased focus on higher-priority assignments.	

ACCOMPLISHMENTS

- Joint Secretary in Chaitanya Svaastya Club
- Volunteer for ABB Formula E - FIA world championship
- Co-ordinator in Street Cause Club for social good works
- Organising member of RFC 2019

TRAINING

- Internship programme in Sparsha Pharmaceutical (Indo-Japanese company)
- Industrial training internship at Vickro Pharmaceuticals
- Part of Art of Living 2019

PROJECTS

Network Malicious Attack Detection

- Developed a decision-tree-based model for anomaly detection using the Kaggle dataset CTU-IoT-Malware-Capture-1-1conn.log.labeled.csv
- Performed data preprocessing, SQL-based analysis, and feature engineering to enhance model accuracy.
 - Implemented Google Colab for collaborative development and deployed the model using API frameworks.

Developing and Optimizing Machine Learning Models for Breast Cancer Detection

- Built and fine-tuned multiple machine learning models for breast cancer classification using medical imaging data.
- Utilized TensorFlow and Scikit-learn to implement predictive models and improve diagnostic accuracy.
- Created interactive Power BI dashboards to visualize the model's performance and key findings.

Experimental Studies on the Synthesis of Silica Aerogels

- Conducted experimental research on silica aerogels synthesis for industrial applications.
- Performed data analysis to optimize synthesis parameters and improve material efficiency.
