SUMMARY

Seeking a Business Analyst role where I can leverage my technical and analytical skills to drive Business improvements.

EXPERIENCE

*Yes-M Systems, **Healthcare Business Analyst Intern***

Jul 2022 - Nov 2022

Participated in a training and internship program to enhance Healthcare Business Analysis skills.

Worked on real time projects, requirements gathering, analysis and technical documentation for software development projects.

Developed Wireframes for screen design and navigation

*Cognizant Technology Solutions, **Programmer Analyst***

Feb 2009 - May 2012

Participated in ongoing training to enhance my own job skills and knowledge.

Developed and implemented software applications using Java, J2ee, SQL.

Created technical documents for software development projects.

Tested and debugged code to ensure its accuracy and reliability.

Performed unit testing on various modules of the system before integration tests were conducted.

Researched new technologies and techniques to enhance existing systems' functionality.
