Summary

Results-driven Junior Financial Analyst with experience at Dan Bro, adept in financial modeling and budget forecasting. Proven ability to analyze data and identify trends, enhancing decision-making processes. Strong analytical skills and attention to detail contribute to actionable insights that support strategic planning and drive financial performance.

I was named Employee of the Year 2024 at Dan Bro for leading a project to automate our monthly financial reports, reducing data entry time by 40%. This innovation improved reporting accuracy and allowed the team to focus on strategic decisions. Additionally, my cost-saving analysis contributed to a 15% reduction in operational expenses, directly impacting the company's bottom line, and earning recognition from leadership for my contributions.

Experience

October 2022 to July 2024	Dan bro Junior Financial Analyst As a Junior Financial Analyst at Dan Bro, I support the finance team by collecting, analyzing, and interpreting financial data to assist in decision-making processes. My responsibilities include preparing financial reports, tracking key performance indicators, and identifying trends that impact the company's financial health. I work closely with senior analysts to build financial models, conduct budget variance analysis, and support forecasting efforts. Utilizing tools like Excel and financial software, I ensure data accuracy, and provide actionable insights. I also contribute to internal reports and presentations used by management to guide strategic planning. This role has strengthened my analytical skills, attention to detail, and understanding of financial operations within a dynamic business environment.	Lucknow, Uttar Pradesh
