WORK EXPERIENCE

FolioUp

Dec. 2024 – Present

Software Developer

Remote

- Built 10+ reusable React Native components & screens from Figma assets ensuring UI consistency across iOS & Android.
- Managed 10+ Bitbucket & GitHub branches/PRs—handling merges, reviews, and conflict resolution.
- Collaborated on outreach to 10+ MD schools—pitching app demos and distributing surveys for pre-launch user feedback.
- Managed development tasks in Jira, leveraging ticket-to-branch links for seamless Bitbucket integration and feature delivery.

hackUMBC

Nov. 2024 – Present

Software Engineer

Catonsville, MD

- Co-building a React-Native mobile app with AWS backend to streamline check-in for ~500 hackathon participants—projected to cut average wait times by 50%.
- Led a 1-hour React workshop at CodeRush for 20+ students, driving a 100% increase in attendance at follow-up sessions.
- Collaborated via weekly Agile syncs, GitHub branches & pull-requests, and Notion SOPs to keep features on track.

NexConversion

Jul. 2024 – Present

Lead Developer & Co-Founder

Remote

- Engineered a dynamic frontend for [nexconversion.com](#) from scratch using Next.js, React, and Webflow—delivering a fully responsive, SEO-optimized UX.
- Integrated Webflow Forms to capture inbound marketing leads to outreach teams.
- Produced marketing collateral - designing visuals and drafting copy - to support major brand campaigns.

PROJECTS

[QuizMe](#)

- Developed an AI-powered quiz generator using React, Tailwind CSS, Node.js, Express, and OpenAI's GPT-3.5 API.
- Crafted an engaging UI with smooth animations and real-time answer feedback, enhancing user interactivity.
- Deployed frontend on Vercel and backend on Railway, architecting RESTful API endpoints for functioning.

LEADERSHIP

Maryland Student Legislature

Aug. 2024 – Present

- Assumed leadership position as Whip, Science and Technology Caucus, to help legislate, support and oversee tech-based and data-driven policymaking.
- Drafted and passed bills addressing technology, education and public health through successful floor proceedings and debate within the Maryland State House in Annapolis, as a successful student senator and delegate.

CERTIFICATIONS & INTERESTS

- **Certifications:** The Web Developer Bootcamp 2025 (Udemy), Business Analytics (Harvard Business School)
- **Interests:** Swimming, Weightlifting, Cooking, Traveling, Coding
