EXPERIENCE

Full Stack Developer | Lincoln Investment, Fort Washington, PA | Feb 2022 – Jun 2025

- Responsible for system analysis, design and development using J2EE architecture.
- Worked on various phases of the Software Development Life Cycle (SDLC) using Agile methodology.
- Deployed and managed cloud applications on GCP Compute Engine and Azure App Services using CI/CD pipelines with Docker and Kubernetes.
- Led end-to-end project management, including customization, testing, implementation, and client relationship consulting.

Full Stack Developer | Blue Yonder, Scottsdale, AZ | Apr 2021 – Feb 2022

- Developed HTML and CSS pages from mockups and collaborated with UI architects for reviews.
- Implemented multi-threading for parallel processing to improve response time.
- Decomposed monolithic code base into Spring Boot microservices, developed new features, and provided ongoing support.
- Worked with .NET Core Microservices, API gateways, and service orchestration for distributed systems.
- Developed Java Spring RESTful web services with chart-specific parameters and interfaces.
- Designed and implemented Spring AOP for modular application structure.

Customer Service Associate | Walgreens, Ellicott City, MD | Jan 2019 – Apr 2021

- Assisted customers with product inquiries and ensured high-quality customer service.
- Restocked and organized sale items to optimize product visibility.
- Worked as a pharmacy technician to fill prescriptions and ensure accurate medication distribution.
- Handled customer complaints with professionalism and care.

Retail Sales Associate | Leatherman LLC, Security Square Mall, MD | Sep 2018 – Mar 2019

- Delivered excellent customer service and supported sales transactions.
- Assisted customers with purchases and product information.
- Promoted JCP discount cards and processed payments accurately.
- Maintained product knowledge to drive consistent sales performance.

EDUCATION & TRAINING

B.Sc. in Electronics and Telecommunication Engineering, North South University, Dhaka, Bangladesh
