Sunnyvale, CA 94089

PROFESSIONAL SUMMARY

Results-driven data professional with keen eye for detail and passion for uncovering actionable insights from data. Proven track record of utilizing data analysis and visualization tools to drive business decisions and optimize processes. Team-oriented with strong focus on collaboration and adaptability, consistently delivering reliable results in dynamic environments.

SKILLS

- Data Visualization and Presentations
- Data Mining
- SQL Databases
- Python Programming
- Tableau / Power BI
- ETL processes
- Data Analysis
- Report Preparation
- AWS
- R
- Excel Functions
- Git

WORK EXPERIENCE

Data Analyst | Agile Data Pro - Campbell, CA 10/2024 - 12/2024

- Integrated multiple sources of disparate data into cohesive datasets using ETL processes, improving overall analytic capabilities.
- Enhanced team's analytical capabilities with training on latest data analysis tools and techniques.

Business Intelligence Analyst | Code With Corgis - Berkeley, CA 07/2023 - 04/2024

- Designed customized data collection models for specific visualization tasks.
- Facilitated seamless integration of disparate data sources into cohesive analytical frameworks for comprehensive reporting purposes.
- Developed intelligence-sharing dashboards, providing company-wide access to collected data.

Data Analyst | Free Lance - San Francisco, CA 10/2022 - 06/2023

- Utilized data visualization tools to effectively communicate business insights.
- Collaborated with cross-functional teams to ensure data integrity and accuracy, resulting in better-informed decisions.
- Integrated multiple sources of disparate data into cohesive datasets using ETL processes, improving overall analytic capabilities by 40%.
- Provided actionable insights through comprehensive reports and dashboards, supporting strategic initiatives.

Data Analyst | Sakthi Auto Components Private Ltd - Erode, India 07/2020 - 02/2022

- Created complex SQL queries to perform ad-hoc, exploratory data analysis and reports to support inventory control and improved resource utilization by 20%
- Experienced in all phases of the Software Development Life Cycle (SDLC)
- Optimized data collection methods to enhance quality and volume of data captured for analysis.
- Developed complex dashboard utilizing web tools and reporting tools to track business performance metrics.

Data Analyst | Kongu Engineering College - Erode, India 02/2020 - 01/2022

- Created various Excel documents to assist with pulling metrics data and presenting information to top management that improved revenue by 20%.
- Conducted comprehensive data analysis to support strategic planning, leading to more informed decision-making.
- Used statistical methods to analyze data and generate useful business reports, resulting in a 15% improvement in campus placement.

Professor/ Researcher | Kongu Engineering College - Erode, India 06/2010 - 01/2020

- Trained undergraduates in Relational DB such as Oracle, MySQL and computer network protocols
- Guided students in master thesis and published research work in the field of ML, blockchain technology, MANETs in IEEE conferences and Journals
- Published 20+ international journals (h- index 5) and 1 monograph on Cloud computing and 4 book chapters in Blockchain and Deep learning technologies.

EDUCATION

UC Berkeley - Extension - Berkeley, CA 01/2024

Berkeley Data Analytics Bootcamp

Anna University - Chennai, India 05/2010

Masters in Computer Science

Anna University - Chennai, India 04/2006

Bachelors in Information Technology

CERTIFICATIONS

- Professional Data Analyst - Google Coursera
- AWS Solutions Associate Architect - Udemy
