

ACHRAF BENTAOUT

SOFTWARE DEVELOPER | DEVELOPER EXPERIENCE &
CYBERSECURITY

AV Hijra NR 101 Tetouan , Morocco | achrafbentaout19@gmail.com | +(212)670-158296 | LinkedIn : [Achraf Bentaout](#)

I am a Software Developer and Graphic Designer at Ghorghiz Cerame, with expertise in Python, full-stack web development, and technical content creation. I have built and deployed production websites such as [brillocerame.com](#) and [ghorghizcerame.com](#), improving digital presence and user experience for my company. With a strong background in cybersecurity and penetration testing, I combine technical precision with a focus on creating intuitive, developer-friendly solutions. I design tools, tutorials, and sample applications that simplify complex systems, accelerate adoption, and improve developer workflows. Currently studying at 1337 School (part of the 42 Network), I am passionate about ethical engineering, open collaboration, and building resources that empower developers worldwide.

MY EXPERTISES

- **Programmation** : Python, C, C++, JavaScript, Web Development
- **Cybersecurity**: Penetration testing, security auditing, vulnerability analysis, ethical hacking
- **Graphic Design** : Photoshop, Illustrator, AutoCAD
