Summary

Detail-oriented and analytical Business Analyst with over 6 years of experience working at the intersection of quality assurance and business process analysis. Proven ability to gather, analyze, and translate business requirements into functional specifications. Adept in Agile methodologies, stakeholder engagement, user story creation, process documentation, and facilitating cross-functional collaboration. Brings a strong foundation in system testing, AEM content workflows, and business data analysis to deliver scalable digital solutions.

Experience

Senior Software Engineer

TA Digital • Hyderabad, India

11/2022 – 01/2024

- Collaborated with product owners and stakeholders to gather requirements and define acceptance criteria.
- Documented business processes and translated them into Epics and User Stories in Agile projects.
- Coordinated sprint planning and backlog grooming; ensured alignment between business goals and technical implementation.
- Led content validation workflows in AEM and supported UAT to ensure feature readiness.
- Facilitated cross-functional communication between QA, development, and design teams.

Software Engineer

PEOPLE PRIME WORLDWIDE PVT LTD • Bengaluru, India

05/2021 – 11/2022

- Acted as liaison between stakeholders and engineering teams to define and document system requirements.
- Participated in daily stand-ups and sprint reviews to ensure timely delivery of features.
- Created functional specifications, wireframes, and workflow diagrams for digital platforms.
- Managed test case documentation and assisted QA in aligning test scenarios with business needs.

Associate Software Engineer
VISVI Info Pvt Ltd • Hyderabad, India
06/2018 - 04/2021

- Conducted gap analysis and supported requirements elicitation through interviews and document analysis.
- Worked closely with technical teams to validate backend data integrity using SQL queries.
- Assisted in writing user manuals, process flows, and training documentation.
- Supported Agile ceremonies including sprint demos and retrospectives.
