EXPERIENCE

Computer Scientist – Naval Air Warfare Center Weapons Division **August 2021 – May 2025**

F-35 Mission Planning Enterprise DevSecOps

October 2022 – May 2025

- Developed and maintained Jenkins pipelines to build, test, secure, and deploy internal services and client code, integrating SAST and DAST tools for early vulnerability detection
- Administered Jenkins, Rancher, Nexus, EC-2 instances, virtual machines, and other services for up to 100 clients with some utilizing Keycloak enabling programmers to develop secure software
- Developed and configured automated code security analysis website using ELK stack and Python microservices that integrated Jenkins data with other security measures to provide developers comprehensive code security results
- Supported clients via Mattermost chat, emails, or call with average response time of 20 hours and average resolution time of 43 hours
- Presented work to stakeholders and clients in 5-10 minute demonstrations over 5 times annually
- Automated cross-platform Git repository synchronization using Jenkins, Groovy, and Bash, enhancing team collaboration and code consistency

Multispectral Electronic Warfare System Support

August 2021 – September 2022

- Developed and updated software architecture design using UML, use case, and sequence diagrams
- Built tool to populate and modify database in C# utilizing .NET Frameworks, JSON libraries, and unit testing
- Gathered requirements and implemented user interface for mission computer simulator in C#

SKILLS

Programming Languages	Groovy, Bash, Python, Java, C#
Software	Bitbucket, Confluence, Docker, Fortify, Git, GitLab, Jenkins, Jira, Keycloak, Kubernetes, Nexus, Rancher, SonarQube, Terraform, Vault
Operating Systems	Windows, Linux, macOS
Software Documentation	UML, Sequence Diagram, Use Case Diagram, Unit Testing
Languages	Fluent in Armenian, English, and Farsi

CERTIFICATIONS

Defense Acquisition Workforce Improvement Act Training	March 2025
Foundational Leadership Development Program	January 2025
CompTIA Security+ (<i>Valid through March 2026</i>)	March 2023
Agile Software Development	March 2022

EDUCATION

University of California, Irvine

Bachelor of Science in Computer Science

June 2021
