Detail-oriented professional with experience supporting clinical trials and biomedical research in academic, military, and healthcare settings. Skilled in clinical data management, EDC/EMR systems, patient recruitment, and regulatory compliance (GCP, HIPAA, IRB, IFC). Adept at collaborating with multidisciplinary teams to ensure accurate documentation, data integrity, and timely reporting. Passionate about improving patient outcomes through high quality research operations.

EXPERIENCE

JUNE 2024 TO PRESENT

CLINICAL DATA COORDINATOR, MEDICAL UNIVERSITY OF SOUTH CAROLINA (MUSC)

Manage clinical trial data for pediatric oncology studies (Phase I-III and commercial). Ensures GCP compliance, accurate case report from (CRF) completion, and timely query resolution. Extracts and verify source documentation from EMRs and other systems. Support site monitoring visits, audits, and regulatory compliance. Report adverse events (AEs), serious adverse events (SAEs), and protocol deviations in line with sponsor and IRB requirements.

APRIL 2023 TO JUNE 2024

CLINICAL RESEARCH ASSISTANT, HCA HEALTHCARE/HEAD & NECK SPECIALISTS

Assisted in the coordination of oncology clinical trials, focusing on patient recruitment, informed consent and regulatory compliance. Scheduled study visits, maintained source documents, and updated EDC systems. Managed and collected clinical trial data for Head & Neck oncology studies. Assisted with all clinical administrative duties as assigned.

MAY 2022 TO FEBRUARY 2023

CLINICAL RESEARCH COORDINATOR, DEFENSE HEALTH AGENCY/DEPARTMENT OF DEFENSE

Acted as Lead Clinical Research Coordinator for the Well Baby, Well Family study across two military base clinics. Conducted patient screening, obtained informed consent, coordinated study visits, and ensured protocol adherence throughout the trial. Accurately collected and entered data in the REDCap EDC system, maintained source documentation, and managed regulatory binders. Supported site initiation and closeout activities while ensuring audit readiness. Collaborated with sponsors, CROs, and IRBs to maintain compliance with GCP, HIPAA, and study protocols.

AUGUST 2021 TO MAY 2022

WAITER/HOST, RED BOWL ASIAN BISTRO

Delivered high-quality customer service in a fast-paced environment. Managed food orders, resolved complaints, and ensured efficient table turnover.

AUGUST 2021 TO DECEMBER 2021

STUDENT RESEARCH ASSISTANT, CLEMSON UNIVERSITY

Supported behavioral research involving eye detection software and data collection. Analyzed and presented data to faculty-led research team

EDUCATION

BACHELOR OF SCIENCE IN PSYCHOLOGY, Minor in Economics, CLEMSON UNIVERSITY

TECHNICAL SKILLS

- Clinical Research Tools: REDcap, OnCore, MediData/Rave, VieDoc, Advarra, EPIC, COG Databases
- Data Regulatory: Case Report Forms (CRFs), Source Documentation, IRB Submissions, Informed Consent, GCP Compliance, Adverse Event Reporting, Protocol Deviations
- Systems and Software: Microsoft Office Suite, PowerApps, SAP Fieldglass, SAP Concur, iCIMS, Unanet, Kronos, Workday
- Other: Patient Screening and Enrollment, Site Initiation/Closeout, Sponsor, CRO, multidisciplinary team communication
