

Nicholas (Nick) O'Brien

Full-Stack Software Engineer | Frontend + Backend | Military Veteran
Dallas/Fort Worth, TX | (830) 703-6757 | nicholas.s.obrien89@gmail.com | [LinkedIn](#) | [GitHub](#) | [RepTracker](#)

Full-stack software engineer and U.S. Army veteran with 7+ years of leadership and 6+ years managing engineering projects. Proven record of owning projects end-to-end: building responsive UIs, developing REST APIs, and deploying secure, scalable apps. Skilled at automating workflows and delivering solutions that save time, improve data visibility, and enhance user experience.

TECHNICAL SKILLS & CERTIFICATIONS

Languages & Frameworks: JavaScript (React), Python (Django), HTML, CSS, SQL

Tools & Platforms: PostgreSQL, Git/GitHub, Pytest, Cypress, Tailwind CSS, Material UI

Concepts: TDD, REST APIs, OOP, MVC, Automation, Prompt Engineering

Certifications: AWS Certified Cloud Practitioner (Expected 2025), SAFe Practitioner (Expected 2025)

PROJECTS & TRAINING

CodePlatoon Full-Stack Software Engineering Bootcamp 15-week (750+ hrs) program | Sep 2025

- Built full-stack apps with **Django REST Framework, PostgreSQL, and React**
- Practiced **TDD (Pytest, Cypress)**, Agile workflows, and pair programming
- Created reusable components styled with Tailwind for scalability

RepTracker (Personal Capstone) React • Django • PostgreSQL • Pytest • Cypress

- Built full-stack **workout tracker** with secure auth and persistent user history
- Integrated **ExerciseDB + Google Calendar APIs** to provide exercise tutorials and scheduling
- Deployed on **AWS with GitHub Actions CI/CD**, ensuring reliable automated releases
- Currently in use to track users workouts

LawnHero (Group Capstone) React • Django • PostgreSQL • OpenAI API • Leaflet.js • Zippopotam.us

- Collaborated in a **4-person Agile team** to build a lawn-care management app
 - Integrated **OpenAI API** for personalized yard-care recommendations
 - Implemented **Leaflet.js mapping** to visualize yards and tasks geographically
 - Contributed to both front-end and back-end development; coordinated Git workflow across team
-

PROFESSIONAL EXPERIENCE

Project Manager, SAM Companies — Dallas, TX | Jan 2021 – Apr 2024

- Owned automation of reporting and QA by building Python scripts, cutting ~40 hrs/month of manual work and improving data accuracy
- Led cross-functional teams to deliver 100+ engineering projects on time, balancing client requirements and technical constraints
- Directed an 11-person team across field and office operations, optimizing resource allocation to hit tight client deadlines

Phase/Task Manager, SAM Companies — Dallas, TX | Jun 2018 – Jan 2021

- Spearheaded workflow upgrades with scripting tools to streamline operations

CAD Technician, SAM Companies — Dallas, TX | Jan 2018 – Jun 2018

- Reduced manual work by scripting repetitive drawing/data tasks

Combat Engineer (Sergeant), U.S. Army Reserves — Houston, TX | Jun 2011 – Apr 2018

- Earned Combat Action Badge and Army Commendation Medal
-

EDUCATION

Texas A&M University – College Station, TX | B.S. Geophysics, Minor in Cybersecurity | Jan 2014 - Dec 2017
