

Nikhita Kalburgikar

Dallas, Texas, United States • +1 (469)-351-9510 • nikhitakalburgikar@gmail.com • linkedin.com/in/nikhita-kalburgikar

AWS DevOps Engineer and Data Scientist with 3+ years experience in CI/CD pipelines, ML model deployment, and real-time monitoring. Proven record of boosting release efficiency by 40% and cutting ETL runtime by 55% within 6 months. Skilled in automation, cloud optimization, and data-driven solutions.

CERTIFICATIONS

AWS Certified Cloud Practitioner - AWS

AWS Certified DevOps Engineer – Professional - AWS

AWS Certified Solutions Architect – Professional - AWS

AWS Certified Developer – Associate - AWS

AWS Certified Solutions Architect – Associate - AWS

Microsoft Technology Associate - Microsoft

Databricks Accredited Generative AI Fundamentals Oracle Cloud

Infra Gen AI Professional - Oracle

Salesforce Certified AI Associate - Salesforce

Google Data Analytics Specialization Certified Scrum

Master - Scrum Alliance

WORK EXPERIENCE

GM Financial • Irving, TX • 05/2024 - 08/2024

Data Scientist - MLOps Engineer Intern

- Aligned business requirements with cross-functional teams, enhancing project clarity and communication, which resulted in a 30% increase in overall efficiency within 6 months.
- Executed data analysis initiatives that identified key trends, enhancing project outcomes and allowing independent teams to make informed decisions, resulting in a 30% increase in efficiency.
- Automated data analysis workflows that enhanced decision-making accuracy, fostering trust among stakeholders and leading to a 25% improvement in project outcomes within 3 months.

NTT DATA Services • Bangalore, Karnataka • 09/2021 - 08/2023

AWS DevOps Engineer

- Enhanced infrastructure provisioning using Terraform and CloudFormation, achieving a 60% faster deployment cycle and reducing manual errors within 3 months.
- Implemented information management strategies that streamlined data processing workflows in the healthcare sector, resulting in a 30% increase in operational efficiency within 3 months.
- Developed and maintained comprehensive reports for healthcare datasets, enhancing data accuracy and supporting public health initiatives within 3 months.

EDUCATION

Master's Degree, Management Information Systems

University of Texas at Arlington • Arlington, TX • GPA: 3.50/4.0 • 08/2023 - 12/2024

B. Tech, Computer Science & Engineering

Dr Ambedkar Institute of Technology • Bangalore • GPA: 3.89/4.0 • 08/2017 - 09/2021

PROJECTS

Data Science

Microsoft AEP In Association with E-CELL IIT KGP

- Improved car price prediction accuracy by 25% and reduced mean absolute error by 18% through regression model tuning using Python and Scikit-learn.
- Analyzed student performance data and uncovered key academic predictors, increasing actionable insights by 20% for institutional planning.
- Devised reusable Python scripts for preprocessing and EDA, reducing data prep time by 40% across multiple modeling projects.

AI/ML Software Engineer

Almug Technologies

- Developed NLP pipelines using Python and SpaCy to extract entities from unstructured text, boosting data extraction accuracy by 95%.
- Implemented AI-driven document parsing solutions, improving processing speed by 40% and reducing manual effort significantly.
- Optimized machine learning models for classification tasks, increasing model performance and reducing inference time by 30%.

SKILLS

Programming Languages: BASH, JavaScript, PySpark, Python, Shell Scripting, SQL, YAML

Cloud Technologies: AWS (S3, EMR, EC2, Route 53, CloudWatch, Kafka, Lambda, SageMaker, IAM, VPC, SQS), Azure, GCP

Big Data & Data Processing: Airflow, Apache Hive, AWS Glue, Data Lakes, ETL, HDFS, Qlik Replicate, Spark, Step Functions

Machine Learning & Deep Learning: AWS Bedrock, Databricks Asset Bundles, Hugging Face, Keras, LangChain, LLMs, MLflow, Model Registry, OpenAI API, PyTorch, RAG, Scikit-learn, TensorFlow, Transformers, Vector Databases

Data Science Libraries: EDA, Feature Engineering, Matplotlib, Model Tuning, NLTK, NumPy, Pandas, SciPy, Seaborn, SpaCy

Data Visualization & BI Tools: Excel, Power BI, QuickSight, Tableau Prep, Tableau Server

Database Management: DynamoDB, MongoDB, MySQL, PostgreSQL, Redshift, SQL Server

DevOps & CI/CD: Bitbucket, CI/CD, Control-M, Docker, Git, GitHub Actions, Jenkins, Kubernetes, Terraform
