Acharya Nagarjuna University, India

Graduated August 2023

Relevant Coursework: Human Anatomy & Pathophysiology, Clinical, Hospital, Community Pharmacy, Pharmacology and Pharmacotherapeutics, Clinical Research, Biopharmaceutics and Pharmacokinetics, Biostatistics, and Research Methodology.

Certifications

Google Data Analytics Professional Certificate,
IBM Data Analytics with Excel and R Professional Certificate.

SKILLS

- **Electronic Medical Records (EMR):** UltraCamp. HIMS Standard for NRI.
- **Clinical Research:** HIPAA, GCP Adherence, Research Design, Ethics, Screening, Enrollment, Consent Acquisition, Trial Management, Event Reporting, Trial Operations Management, Safety Monitoring, EDC Systems Use.
- **Data Visualization Tools:** Advanced Excel, Tableau, Power BI.
- **Data Analysis and Statistics:** Python
- **Design and Modeling Tools:** SQL, Microsoft Office.
- **Other Core Competencies:** Strong Communication, Interpersonal, Organizational, Collaboration, Teamwork, Flexibility, Adaptability, Leadership, Pharmaceutical Care, Research Support.

PROFESSIONAL EXPERIENCE

Graduate Teaching Assistant

University of North Texas, Denton, TX

August 2024 to Present

- Assist in teaching undergraduate and graduate courses in the Department of Rehabilitation and Health Services under Mrs. Paula Heller Garland, Dr. Jessica Stone, and Dr. Ami More, providing grading support and constructive feedback to enhance student learning.
- Facilitate student engagement by responding to inquiries via email, Zoom, and in-person interactions to clarify course material and expectations.
- Support classroom operations by assisting with setup, organization, and management, ensuring a structured and efficient learning environment.

Graduate Research Assistant

University of North Texas, Denton, TX

June 2024 to Present

- Prepare weekly progress reports to track advancements toward research objectives and project milestones.

- Collaborate with faculty and fellow researchers to coordinate and execute research projects effectively.
- Assist in identifying and refining research objectives, contributing to the development of impactful studies.
- Conduct data analysis and interpretation, drawing meaningful insights to support evidence-based conclusions.
- Stay informed on current scientific literature to enhance subject matter expertise and apply recent findings to ongoing research.

Clinical Data Analyst

NRI General Hospital, Andhra Pradesh, India

August 2022 to July 2023

- Conducted comprehensive assessments of patients medication regimens to ensure efficacy, safety, and appropriateness, optimizing pharmacotherapy outcomes.
- Utilized NRI HIMS Standard EMR to accurately document, retrieve, and manage patient medical data in the pediatrics department, enhancing clinical workflow efficiency.
- Identified and reported 25 adverse drug reactions (ADRs), ensuring patient safety and adherence to pharmacovigilance protocols while proactively addressing drug-related issues.
- Presented weekly case studies and clinical research findings, effectively translating complex medical information into insightful discussions to support continuous learning and evidence-based practice.

ACADEMIC PROJECTS

- **Clinical Profiling and Therapeutic Outcomes in Multisystem Inflammatory Syndrome in Children (MIS-C):** Conducted an onsite retrospective observational study at a tertiary care hospital, analyzing clinical presentations, treatment strategies, and patient outcomes to improve pediatric care approaches.
- **Strategic Marketing Plan: Enhancing Patient Healthcare Through Ambulatory Urgent Care Services:** Developed a comprehensive marketing strategy aimed at expanding access to urgent care, improving patient engagement, and optimizing service delivery in ambulatory healthcare settings.
- **Market Expansion Plan for a Mega Health Suburban Satellite Facility:** Designed a strategic marketing and operational plan to establish a large-scale suburban healthcare facility, focusing on community health needs, resource allocation, and service optimization.
- **"Bringing Voices Together, Building Relationships": A Communication Workshop for Middleboro Community Hospital:** Developed and facilitated a hospital-wide communication workshop to enhance interdisciplinary collaboration, patient-provider interactions, and team-based care in a healthcare setting.
