
OLIVIA BOLTZ

Morgantown, WV 26501 ♦ 13046210385 ♦ oliviaboltz@gmail.com

PROFESSIONAL SUMMARY

Results-driven data and analytics professional with 4+ years' experience in data analysis, modeling, and reporting. Skilled in SQL, Python, R, Tableau, and Power BI, with hands-on ETL and data visualization expertise. Adept at collaborating with cross-functional teams and presenting insights to diverse audiences. Quickly learning cloud data warehousing and version control to deliver impactful, reliable data solutions.

SKILLS

- Programming/Analysis: Python (pandas, NumPy), R, SQL
- Data Engineering & Warehousing: Snowflake, ETL processes, SQL databases
- Cloud Platforms: Azure, Google Cloud (basic exposure)
- Statistical/ML Techniques: Regression, classification, clustering, predictive modeling
- Data Visualization & BI: Tableau, Power BI, matplotlib, Excel (advanced)
- Version Control: Git, GitHub
- Project Tools: Jupyter Notebooks, Trello, Slack
- Data Management & Reporting: Salesforce, SQL, Tableau, Excel

WORK HISTORY

Director of Institutional Effectiveness, 09/2024 - Current

Pierpont Community and Technical College – Fairmont, WV

- Lead strategic planning and deliver data-driven solutions to improve institutional and operational performance.
- Extract, transform, and load (ETL) data from multiple sources; oversee data integration and quality for analytics projects.
- Develop and optimize SQL queries and maintain large-scale datasets across data warehouses, such as Snowflake.
- Design and implement interactive Power BI dashboards and business intelligence reports for executive and departmental decision-making.
- Analyze institutional, operational, and financial data to identify trends, support revenue generation strategies, and inform business decisions.
- Collaborate with cross-functional teams, including IT, finance, and academic departments, to deliver impactful analytics products and data solutions.
- Utilize version control systems (Git, GitHub) to manage analytics scripts, ensure reproducibility, and support collaborative development.
- Coordinate with stakeholders to translate business needs into technical requirements, delivering actionable insights and recommendations.
- Facilitate accreditation and compliance processes, ensuring data integrity and supporting continuous improvement initiatives.
- Manage multiple projects in fast-paced environments, demonstrating adaptability, effective communication, and project planning skills.

- Present complex findings clearly to both technical and non-technical audiences, supporting leadership decision-making.
- Utilized Salesforce for tracking, managing, and analyzing student data to support retention and success initiatives.

Accreditation Liaison Officer, 09/2024 - Current

Pierpont Community and Technical College – Fairmont, WV

- Liaise with accrediting bodies to ensure compliance with standards and regulations.
- Conduct data analysis to inform decision-making and strategic planning initiatives.
- Develop and maintain documentation for accreditation processes and reports.
- Collaborate with faculty and administration to enhance program effectiveness.
- Present findings and recommendations to stakeholders to support continuous improvement.

Adjunct Faculty - Mathematics, 07/2025 - Current

Pierpont Community and Technical College – Fairmont, WV

- Develop and deliver engaging mathematics curriculum aligned with academic standards.
- Facilitate interactive learning experiences that enhance student understanding of complex mathematical concepts.
- Utilize data analysis tools to assess student performance and refine teaching strategies.
- Mentor students in academic achievement and professional development.

Retirement Plan Analyst, 11/2022 - 09/2024

M2B Retirement Consulting, LLC – East Pittsburgh, PA

- Created detailed job description library for organization and maintained relevance with regular updates.
- Analyzed and evaluated existing compensation and benefits programs and recommended improvements.
- Researched and analyzed wage, salary and other industry trends.
- Responded to inquiries from employees relating to enrollments, plan changes and contribution amounts.
- Tracked 401K eligibility and managed enrollment and administration of company retirement and financial benefits plans.

Undergraduate Learning Assistant, 01/2020 - 05/2022

West Virginia University – Morgantown, WV

- Supported interaction between students during group work activities using guided conversation.
- Created, collected and recorded data on student progress to determine next steps for student success.
- Offered feedback to other providers to effectively address students' needs.
- Collaborated with Professor to monitor progress of students and adjust instructional strategies to meet specific needs more efficiently.
