Education

University of Texas at Arlington

Master of Science in Computer Science, GPA: 4.0/4.0

Arlington, Texas

August 2023 – May 2025

Don Bosco Institute of Technology

Bachelor of Engineering in Computer Engineering, GPA: 9.78/10.0

Mumbai, India

August 2018 – May 2022

Skills

Languages, Mobile and Web: C++, C#, Python, Java, JavaScript, TypeScript, HTML, CSS, Tailwind CSS, Flutter, React Native.

Frameworks: JUnit, React, Node.js, Express.js, Next.js, Selenium, SpecFlow, Cucumber, GraphQL.

Developer & DevOps Tools: Git, GitLab, GitHub, Docker, Postman, Microsoft Power Apps, Power Automate.

Databases & Cloud services: MongoDB, MySQL, PostgreSQL, Firebase, Sanity (CMS), AWS, Vercel, Jira.

Experience

Link Group

Mumbai, India

Software Development Engineer in Test

July 2022 – July 2023

- Developed end-to-end automated test suites for both UI and microservices using Java, JUnit, Selenium, C#, SpecFlow, and Cucumber, enhancing test clarity and functional coverage, and improving bug detection rates by over 50%.
- Strategized CI/CD pipelines using Jenkins and GitLab to automate test execution, reduce regression testing time, and deliver weekly reports that provided visibility into test health and early issue identification.
- Engineered an internal Time Portal using Microsoft Power Apps and Power Automate to automate employee attendance and leave tracking, resulting in a 30% improvement in time management and reporting efficiency across teams.

Shantighar Social Service Society

Mumbai, India

Web Development Intern

October 2021 – December 2021

- Built a responsive web application using HTML, CSS and JavaScript for battered women and children in crisis.
- Applied cross-browser compatibility and optimization strategies, improving load time and mobile responsiveness.
- Integrated REST APIs to retrieve helpline and resource data in real time, streamlining user support access.

YWCA of Bombay

Mumbai, India

App Development Intern

November 2020 – October 2021

- Programmed a cross-platform mobile app using Flutter and Dart; managed real-time data with Firebase for 1,000+ users.
- Enhanced user experience significantly by optimizing API usage, improving responsiveness and app performance by 40%.
- Set up Firebase Analytics to deliver insights on app usage patterns and feature adoption for strategic decision-making.

Projects

Learning Management System (LMS) | [\[Link\]](#)

February 2025 – May 2025

- Created a full-stack LMS using Next.js, Clerk, and Stripe, enabling secure enrollments and role-based content management.
- Implemented secure video streaming by integrating AWS S3 and CloudFront with pre-signed URLs, improving content delivery speed and reliability across devices for enrolled learners.
- Deployed Dockerized Express.js backend to AWS Lambda, using DynamoDB to enable fast and scalable data handling.

Student Connect | [\[Link\]](#)

December 2024 – February 2025

- Developed a full-stack student collaboration platform using Next.js 15 and Clerk, implementing secure authentication, protected routes, and seamless frontend rendering with real-time session handling.
- Integrated Sanity CMS with custom schemas for dynamic content (communities, posts, comments) and leveraged OpenAI, Vercel AI SDK, and Clerk Agent Toolkit to enable AI-driven content moderation aligned with community guidelines.

Study Nest

August 2024 – November 2024

- Crafted a cross-platform React Native app using TypeScript integrated with Firebase, optimizing study group formation and management, improving academic performance and peer-network building.

Event Hunt

August 2024 – October 2024

- Designed and shipped a React-based event booking platform with MongoDB, Express.js, and Node.js, featuring event search, real-time updates, and PayPal payment integration, increasing event registration efficiency by 25%.

Achievements and Certifications

Scrum Master Certificate

Best UI Design – HACKUTA 2023 (Hackathon)

Best Concept Game (Holesync) – TEKNACK 2019–2020

Technical Excellence Student for Academic Year (2018–2022)

Meta Front-End Developer
