SUMMARY

Data Analyst with advanced proficiency in Python and statistical analysis, driving data-driven insights and operational improvements. Experienced in A/B test design, SQL data interrogation, and developing comprehensive client reviews. Excels at translating complex analyses into actionable strategies for both technical and non-technical audiences.

EDUCATION

W. P. Carey School of Business at Arizona State University

Aug 2024 - May 2025

Master's, Business Analytics

- **Coursework:** Enterprise Data Analytics, Descriptive and Predictive Analytics, Business Process Analytics, Analytical Decision Modelling, AI and Data Analytics, Machine Learning in Business, Advanced Marketing Analytics

Devi Ahilya Vishwavidyalaya

Aug 2020 - Aug 2023

Bachelor of Business Administration, Marketing

- **Coursework:** Information Technology, Economics, Management information system, financial management, Business statistics, Operations management, Supply chain MGT., Project Management, Customer relationship management, Total quality management

WORK EXPERIENCE

A.K. Devcon

Dec 2023 - Aug 2024

Data Analyst - Internship (business dev. Domain)

India

- Improved ERP system operational efficiency by 20% through advanced quantitative analysis and visualization using Tableau, aligning insights with scalable business requirements and supporting strategic planning.
- Analyzed large, complex client datasets using SQL to identify emerging trends, a skill transferable to monitoring market trends and benchmark reporting.
- Cultivated and maintained relationships with over 30 clients and industry partners, demonstrating strong communication and presentation skills for delivering client business reviews.
- Developed analytics-informed proposals and impactful PowerPoint presentations that secured 5 major contracts by integrating quantitative insights and forecasting models, paralleling the design and analysis of controlled tests.
- Collaborated with project and marketing teams to refine data-driven business strategies, reducing project delivery timelines by 10%, while leveraging analytical expertise in statistical analysis and model evaluation.
- Negotiated contracts and monitored performance metrics using Excel VBA techniques, increasing profit margins by 12% and exceeding sales targets by 20%, reflecting a practical understanding of analytical methods and data validation.

PROJECT EXPERIENCE

Sberbank Russian Housing Market Prediction Project

Nov 2024

Sberbank Russian Housing Market

- Developed regression models (Random Forest, Decision Tree, MLP) to predict house prices, achieving RMSE of 0.3291.
- Improved accuracy by 11% through feature engineering and randomized hyperparameter tuning.
- Implemented model stacking and applied feature selection (Select From Model, Genetic Selection CV) to enhance performance.
- Used Python (Pandas, Scikit-learn) to build scalable ML pipelines and analyze complex housing data.

Hepatitis Survival Prediction | Machine Learning Classification

Nov 2024

- Achieved 99.5% accuracy and 0.99 F1 score using tuned Random Forest classifiers.
- Improved baseline models through feature engineering and ensemble stacking.
- Identified top predictors (e.g., MOUCH3M, TOTCHNG, INCOME) using feature importance.
- Tools: Python, Scikit-learn, Pandas, NumPy, Pipelines.

COVID-19 Sentiment & Adaptation Analysis | Python, NLP, ML

Mar 2024

- Analyzed 6,800+ Yelp reviews to assess sentiment and adaptation of 168 bars.
- Identified key themes (safety, service, food) using VADER, BERT, LDA.
- Found delivery services increased ratings by +0.5 and review volume by 6.9× (T-test, $p < 0.05$).
- Extracted adaptation strategies via NER (spacy); segmented loyal customers.
- Delivered data-driven recommendations to bar owners and policymakers.

SKILLS

- **Programming & Data Tools:** Python, SQL, Tableau, AWS Redshift, ETL, Excel VBA
- **Data Analysis & Modeling:** Data Cleaning, Feature Engineering, Model Evaluation, Predictive Analytics, Forecasting Models, Data Science, Analytical Field Experience
- **Statistical Skills:** Statistics
- **Communication & Business:** Microsoft Excel, PowerPoint, Microsoft Word, Public Speaking
- **Digital Marketing:** Digital Marketing
