Proactive and detail-oriented **Snowflake Developer** with 3 years of experience specializing in data migration, optimization, and custom programming. Demonstrated expertise in leveraging tools like Snowflake, Informatica, and Teradata to streamline workflows, improve data processing, and enhance overall system reliability. Proven track record of designing and implementing scalable frameworks, achieving significant reductions in query response times and increasing operational efficiency. Recognized for problem-solving skills, collaborative mindset, and the ability to align technical solutions with business objectives. Skilled in defining and executing customer requirements, ensuring seamless project execution and client satisfaction. Completed **master's in information technology** to expand technical expertise and foster leadership skills for driving innovation and impactful results.

EXPERIENCE

Data Engineer

T-Mobile

Nov 2020 – Sep 2023, Telangana, Hyderabad

- Gained proficiency in Python, Control-M, Teradata, Informatica, and Snowflake to deliver high-quality solutions
- Played a pivotal role as a key contributor to the **TMO-SF Migration** project for **T-Mobile**
- Responsible for facilitating the successful migration of data to Snowflake and ensuring seamless client engagement
- Orderly migrated 50+ Teradata databases to Snowflake, reducing query response time by an average of 40%
- Analyzed and optimized 100+ shell scripts, resulting in a 20% improvement in data processing efficiency

- Developed and implemented the TSM Framework for job execution, leading to a 30% reduction in processing time
 - Collected and defined customer requirements for the T-Mobile project, 35%, ensuring alignment with business objectives and exceeding client expectations
 - Collaborated with cross-functional teams to identify and resolve 50+ software errors and inefficiencies, enhancing overall system reliability
 - Expanded 20+ custom programs tailored to specific project requirements, contributing to a 10% increase in overall project efficiency
 - Internally certified in Informatica, acquiring hands-on experience and leveraging this expertise to streamline data integration processes
 - Recognized for problem-solving abilities, resolving 50+ technical issues promptly, and delivering high-quality results within established timelines
-

Student Library Assistant

Pittsburg State University

Jan 2024 – Dec 2024, Pittsburg, Ks

- Assisted students in searching for books, managing check-in and check-out processes at the library information desk.
- Provided exceptional customer service by helping students locate study materials efficiently.
- Ensured the smooth organization and cataloging of library resources to improve accessibility.
- Maintained a systematic record of borrowed and returned books, contributing to accurate inventory management.

EDUCATION

Master of Science in Information Technology

Aug 2023 - Dec 2024, Pittsburg, KS, USA

Pittsburg State University

- Awarded a \$4,000 scholarship for three consecutive semesters.

Bachelor of Technology in Computer Science Engineering
Nandyal, Andhra Pradesh, India

Aug 2016 - Mar 2020,

Rajeev Gandhi Memorial College of Engineering and Technology

SKILLS

Programming & Scripting

- Python, SQL, PL/SQL, Shell Scripting, HTML5, CSS, C, C#, Kotlin

Databases & Data Warehousing

- Snowflake, Teradata, MySQL, SQL Server, Oracle

ETL & Data Integration Tools

- Informatica PowerCenter, SSIS, SSDT, SSAS, Talend, DataStage

Cloud & Big Data Technologies

- AWS (S3, Redshift, Lambda), Azure Data Factory, Google Cloud Platform (GCP)

Other Technologies & Tools

- Control-M, Git, Visual Studio, Putty, WinSCP, Excel, JSON, Tableau, Power BI

Key Skills & Concepts

- ETL Processes, Data Warehousing, Metadata Management, Data Quality, Data Stewardship, Data Pipelines, Performance Tuning, Troubleshooting, Agile Methodologies
