Summary

Data Engineer with 5+ years of experience designing, developing, and maintaining scalable data pipelines and **ETL** processes across **banking and healthcare** sectors. Proficient in **SQL, Python, Java, and UNIX Shell Scripting** to optimize data workflows and improve data accuracy by up to **30%**. Experienced in managing cloud platforms such as **AWS (S3, Glue, EMR, Lambda), Azure SQL Database, and Oracle Cloud** for secure, scalable storage and processing. Skilled in data modeling, query optimization, and performance tuning to enhance database efficiency **by 25%**. Adept at using tools like **Tableau** and **Microsoft Excel** to build **KPI** dashboards and provide actionable insights. Familiar with **Agile, ITIL-based ticketing, Jira**, and production support in fast-paced environments.

Skills

- **Programming & Scripting:** SQL, Python, Java, UNIX Shell Scripting.
- **Databases:** Oracle, MySQL, SQL Server, Azure SQL Database, MongoDB.
- **Cloud Platforms:** AWS (S3, Glue, EMR, Lambda), Azure (AZ-900 Certified), Oracle Cloud.
- **Data Engineering:** ETL Pipeline Development, Data Modeling, Query Optimization, Indexing, RBAC.
- **Tools & Technologies:** Tableau, Microsoft Excel, KPI Dashboards, TDX, ServiceNow, SolarWinds, VMware.
- **Process & Methodologies:** Agile, SDLC, ITIL-Based Ticketing, Production Support, DBA Support.
- **Others:** Performance Tuning, Jira.

Education

- Master of Science in Computer and Information Systems
Saint Louis University, St. Louis, MO

Professional Experience

Truist Bank | Data Engineer | Aug 2023 – Current

- Developed and maintained **ETL** pipelines using **Python and SQL**, improving data processing efficiency **by 28%**.
- Optimized database queries and indexing strategies, reducing query run times by up to **30%**.
- Automated data validation and cleansing processes, increasing data accuracy **by 20%**.
- Utilized **Azure SQL Database** and **Oracle Cloud services** to support scalable data storage solutions.
- Created **KPI dashboards** in **Tableau**, enabling business users to track performance metrics with **15%** improved visibility.
- Participated in **Agile sprints** using **Jira** to deliver timely data solutions supporting business needs.
- Provided production support and issue resolution through **ITIL-based ticketing systems (ServiceNow)**, achieving **95%** SLA compliance.

UHG | Data Engineer | Apr 2020 – Jul 2022

- Built and maintained **ETL** pipelines in **AWS Glue and Lambda**, reducing manual intervention **by 40%**.
- Designed data models and optimized **SQL Server databases**, improving system performance **by 22%**.
- Developed **UNIX Shell scripts** for automated batch processing and system monitoring.
- Supported **DBA** activities including query tuning and role-based access control (**RBAC**), increasing security compliance.
- Created detailed reports and dashboards in **Tableau** and **Microsoft Excel** for cross-functional teams.
- Collaborated with cross-functional teams using Agile methodologies and Jira for project tracking.
- Managed production support activities, resolving **90%** of incidents within defined SLAs.

HDFC Bank | Data Engineer | Jun 2019 – Mar 2020

- Designed and developed **ETL** pipelines using **Java and SQL** to integrate data from multiple sources, improving data integration speed **by 25%**.
- Implemented query optimization and indexing strategies in **Oracle and MySQL databases**, enhancing retrieval efficiency **by 18%**.
- Maintained performance tuning and monitored database health using SolarWinds and **VMware** tools.
- Automated routine **DBA** support tasks, reducing manual workload **by 35%**.
- Developed **KPI dashboards** for senior management using **Tableau and Excel** to support decision-making processes.
- Participated in **SDLC** cycles and coordinated with business analysts and developers in **Agile** teams.
- Supported **ITIL-based** ticketing systems to address production issues and maintain **98%** uptime.

Certification

- **AWS Certified Data Analytics – Specialty – In Progress**
- **Microsoft Azure Fundamentals (AZ-900)**
- **Oracle Cloud Infrastructure**
