Professional Summary

Results-driven **Financial Analyst** with **5+** years of experience in **FP&A, financial modeling, budgeting, forecasting, and P&L analysis**. Skilled in **Power BI, SQL, Advanced Excel**, and automation to optimize **ROI**, reduce costs, and improve forecasting accuracy. Strong understanding of **GAAP, SOX** compliance, and **KPI reporting**, with proven ability to translate complex financial data into actionable business insights that drive profitability and strategic decision-making.

Skills

Financial Expertise: Financial Planning & Analysis (FP&A), Budgeting & Forecasting, P&L & Variance Analysis, Financial Modeling, KPI & ROI Reporting, Cost Optimization, Cash Flow Management, Scenario & Sensitivity Analysis, Financial Reporting, Strategic Decision-Making, U.S. GAAP & SOX Compliance

Technical Tools & Analytics: Advanced Excel (Power Query, Pivot Tables, Macros), Power BI (DAX, Data Modeling), SQL (Joins, Aggregations, CTEs), Python (pandas, NumPy, matplotlib), Tableau, SAP (FICO), Oracle NetSuite, QuickBooks, SSMS, Alteryx (Basic), Bloomberg Terminal

Data Analysis & Automation: Data Modeling, Reporting Automation, Business Intelligence Dashboards, KPI Tracking, Data Visualization, Trend & Variance Analysis, Forecast Accuracy Evaluation, Data Reconciliation, Process Automation

Valuation & Financial Modeling: Discounted Cash Flow (DCF), Comparable Company Analysis (CCA), Precedent Transactions (PTA), LBO, IRR, NPV, Profitability & Cost-Benefit Analysis, Scenario Planning, Break-even Analysis

Business & Strategic Skills: Corporate Finance, Investment Analysis, Market Research, Risk Assessment, Strategic Planning, Process Optimization, Client & Executive Reporting, Cross-functional Collaboration, Project Management, Leadership, Communication, Analytical Thinking.

Education

Master of Science in Computer Science

Jan 2023 - Dec 2024

Rowan University, Glassboro, NJ

Bachelor of Science in Computer Science and Engineering

Jun 2017 - Apr 2021

Koneru Lakshmaiah University, Andhra Pradesh, India

Work Experience

S&P Global, USA

Aug 2024 – Present

Financial Analyst

- Developed dynamic **FP&A forecasting models** integrating **Python, SQL**, and **Advanced Excel**, improving **P&L** accuracy by **19%**, enhancing **KPI reporting**, and supporting cost optimization strategies across multiple product portfolios.
- Designed interactive **Power BI dashboards** consolidating financial data from **NetSuite** and **SSMS**, increasing **KPI visibility** by **28%** and improving **ROI tracking** for corporate finance and business performance reviews.
- Automated reporting workflows using **Power Query** and **Alteryx**, reducing manual effort by **32%**, accelerating monthly close by three days, and improving financial data accuracy across **FP&A** operations.
- Conducted **variance, sensitivity, and scenario analyses**, enhancing **forecasting** precision by **10%**, strengthening **financial modeling** outcomes, and improving capital allocation efficiency within enterprise budgeting frameworks.
- Built advanced **cash flow models** and **ROI tracking** tools in **Excel**, identifying cost inefficiencies that raised operating margins by **14%** and optimized profitability across multiple business segments.
- Partnered with **FP&A, Tax, and Data Engineering** teams to maintain **GAAP** and **SOX** compliance, ensuring accurate **KPI** reporting and automated reconciliation of financial datasets through **SQL**-driven workflows.
- Delivered **executive reports** summarizing variance trends, **ROI** insights, and **forecast** outcomes, driving data-backed strategic decisions and generating more than **\$3.2M** in measurable annual cost savings.
- Supported **budgeting and long-range planning processes**, leveraging **Python** and **Power BI** for predictive analysis, improving planning accuracy by **18%**, and aligning financial outcomes with strategic business goals.

KPIT, India

Jan 2019 – Nov 2022

Financial Analyst

- Created detailed **financial modeling frameworks** including **DCF, CCA**, and **LBO** analysis, increasing valuation accuracy by **21%**, improving **ROI**, and enabling executive teams to make informed financial decisions.
- Built **budgeting and forecasting models** in Excel and Power BI, reducing cycle times by **25%**, improving **P&L** transparency, and supporting accurate cash flow planning across multi-million-dollar client portfolios.
- Conducted detailed **variance and KPI analysis**, identifying expense inefficiencies that reduced operating costs by **17%**, improving profitability, and strengthening strategic **FP&A** decision-making capabilities.
- Automated recurring **financial reporting workflows** using Alteryx and SQL, improving reporting accuracy by **31%**, eliminating manual errors, and standardizing **FP&A** data across global corporate finance systems.
- Managed **ROI, IRR, and NPV evaluations** for **M&A** transactions exceeding **\$60M**, optimizing capital allocation, improving profitability modeling, and supporting executive-level investment strategy presentations.
- Developed **Power BI dashboards** for **KPI, ROI**, and **cost-benefit reporting**, enabling management to monitor financial performance trends, forecast variances, and evaluate resource utilization effectively.
- Delivered **audit-ready financial statements and variance reports**, ensuring **IFRS compliance**, reducing audit preparation time, and strengthening financial transparency across multiple advisory and corporate engagements.

PROJECTS

- **Financial Forecasting Model (Excel, Power BI):** Built automated driver-based model to project revenues and expenses; improved forecast accuracy by 15%.
- **Profitability KPI Dashboard (Power BI, SQL):** Created live dashboards for executive reviews, cutting manual reporting time by 40%.
- **Capital Budgeting Analysis (Excel, Python):** Evaluated investment options using NPV/IRR methods for strategic decision-making.

CERTIFICATION

- **Financial Modeling & Valuation Analyst (FMVA®) – CFI**
(In Progress)
- **Microsoft Excel Expert (MO-201)**
- **Power BI Data Analyst (PL-300)**
- **AWS Certified Cloud Practitioner**
