EDUCATION

Stony Brook University, New York, United States

Jan. 2024 - Jul. 2025

Master of Science in Computer Science with minor in Data Science

GPA 4.0 / 4.0

Relevant Courses: Distributed Systems, Theory of Database Systems, Network Security, Machine Learning

Vellore Institute of Technology, Tamil Nadu, India

Jul. 2017 - Jul. 2021

Bachelor of Technology in Information Technology

GPA 3.54 / 4.0

Relevant Courses: Cloud Computing, Data Structures and Algorithms, Operating Systems, Data Mining

EXPERIENCE

Danske IT, Bangalore, India

Sep. 2023 - Jan. 2024

Software Engineer

- Collaborated with 4 squads across Denmark and US in Agile sprints, managing the full software development life cycle of the banking applications, from architecture to frontend, backend, CI/CD, ETL, network and server management.
- Facilitated knowledge-sharing sessions for developers to discuss the latest coding best practices and explore new technologies like Blackduck, SonarQube, incorporating them into our software pipeline, reducing 40% vulnerability.
- Mentored new team members and published 20+ technical documents on Confluence to ease the onboarding process, which was adopted by other teams, leading to the "Star of the Quarter" award.

Danske IT, Bangalore, India

Aug. 2021 - Sep. 2023

Software Engineer, Associate

- Developed a customer-facing React application for the KYC process, deployed on OpenShift with Terraform for infrastructure provisioning, APIConnect for integration, and a Jenkins/Octopus CI/CD Dev-ops setup for deployment.
- Minimized customer application processing time by one day by supporting mobile and browser access for KYC process.

Danske IT, Bangalore, India

Feb. 2021 - Aug. 2021

Full Stack Developer and Cloud Specialist, Intern

- Built 3 microservices using onion architecture and test-driven development with RabbitMQ message broker.
- Integrated with Monstio's restful APIs for automated credit decisioning and boosted decision accuracy by 18%.
- Migrated SOAP services from Virtual Machines to Rest API hosted on Docker, saving 5000 DKK annually.

PROJECTS

Visualizing Graduate Schools to explore trends | D3.js, Python, Flask

[Demo Link](#), [Repo Link](#)

- Analyzed US News, Kaggle, and more to help students filter 30+ university criteria using visual analytics.
- Set up Geomap, PCP, Line Charts, Radar Charts, and infographics to explore 300+ universities' data.

Real-Time Voice AI Assistant | FastAPI, Twilio Media Streams, Groq API, GCP

[Repo Link](#)

- Built an asynchronous voice assistant with agent-based MCP architecture that streams live audio via Twilio, transcribes using GSTF, and responds through OpenAI and Groq LLM under 1s. Hosted on GCP, using Cloud Run, Pub/Sub

Decentralized File Search Platform | GoLang, Rust, Flutter, Next.js

[Repo Link](#), [Repo Link](#), [Repo Link](#)

- Designed a file sharing application with DHT for querying file locations based on file hash with a custom proxy setup.
- Enabled secure bitcoin payments using a private blockchain network that reflects mainnet difficulty and supports mining.

Distributed Multi-Tenant Cloud Infrastructure | Cassandra, Kubernetes, VMware, Ansible, Terraform

[Repo Link](#)

- Designed and implemented a distributed cloud infrastructure solution using Apache Cassandra, Kubernetes, and VMware, ensuring high availability and fault tolerance across multiple data centers.
- Automated and orchestrated infrastructure management with Ansible and Terraform, integrating Ceph, S3 deployments.

TECHNICAL SKILLS

Languages: Java, C#, Python, C++, Go, HTML, CSS, JavaScript, TypeScript, SQL, JSON, XML, YAML

Frameworks/Library/DB: .NET, Spring, React.js, Angular, Node.js, JSP, MySQL, PostgreSQL, MongoDB, RabbitMQ, Apache Kafka, Hadoop, Elasticsearch, TensorFlow, PowerBI

Cloud/Devops: AWS, Azure, GCP, OpenShift, Docker, Kubernetes, Jenkins, Octopus, Git (Version Control), Prometheus

Others: ServiceNow, Jira, PowerShell, MS Office, MS Excel, Linux, Unix, Bash Cli, Windows, Visual Studio

PUBLICATIONS: Prithesh S (2020) - Comparative Study of Various Watermarking Techniques - International Journal of Advanced Science and Technology, 29(05), 13546-13557.
