

Priyanka Deshmukh

Senior Java/J2EE Developer with Python Expertise | Backend Data Engineer

Naperville, IL 60540 | +1-630-696-1377

priyankadeshmukh2281@gmail.com | <https://www.linkedin.com/in/priyanka-deshmukh-9b69361b9/>

Professional Summary

Results-driven Senior Application Developer with over 12 years of experience building scalable backend systems, distributed data frameworks, and enterprise-grade Java applications. Proven track record of leading cross-functional teams, modernizing legacy systems, and driving innovation using cutting-edge technologies like Apache Spark, Spring MVC, Hibernate, Docker, Python and RESTful APIs. Recognized for technical excellence and strategic problem-solving in fast-paced, global environments.

Core Competencies

Programming Languages	Core Java, Python and SQL
Databases :	Db2 , Oracle 12c
Web APIs:	SOA Webservices, RESTful APIs
Web Frameworks :	Spring MVC, Spring Boot , Hibernate , JPA
Distributed computing Framework :	Python API for Apache Spark (PySpark)
Testing and Log Tools:	Junit, Python Unittest, Splunk, Postman
Devops and Cloud Services :	Jenkins, CI/CD, Gradle, Deployment of code on Treadmill
Platform :	Eclipse, VS Code
Version Control :	Git, BitBucket
Front End Programming:	JSP, Servlets, XSLT

Professional Experience

Morgan Stanley – Tech Lead

March 2021 – April 2025 | Bengaluru, India

- Converted RWMS Batch 2.0 to a distributed **Spark-driven framework, improving processing speed by 40% and enabling horizontal scalability.**
- Designed and optimized complex SQL queries and stored procedures to support business-critical features.
- **Played a key role in Python upgrade (3.7.5 to 3.10),** removing internal dependencies and integrating PyPI libraries.
- Developed microservices for product screening using Spark JDBC and database-stored logic.
- Led backend development using Spring MVC and data mappers for the TIM web application. Developed Python scripts triggered by a job scheduler (BatchMon – tool internal to MS) for daily and monthly dashboard updates, reducing runtime and enhancing scalability.
- Set up a production-parallel QA environment using the **Blue-Green deployment model**, enabling zero-downtime testing and faster release cycles. The Blue-Green deployment strategy helped to establish a **QA environment mirroring production**, allowing safe feature testing, risk mitigation, **and rollback-ready deployments.**
- Mentored junior developers and contributed to release enhancements across platforms.
- Provided **production release support during weekend deployments**, assisting in rollout of new features and urgent bug fixes across critical applications; helped ensure **zero-impact releases and rapid post-release validation.** Collaborated with DevOps and QA teams to support weekend production deployments using Jenkins , Splunk and Treadmill; resolved post-release issues and validated features in live environments.

Wipro Technologies Pvt. Ltd – Senior Project Engineer

June 2016 – June 2018 | Bengaluru, India

- Built backend modules for Cisco Smart Licensing using Python and REST APIs on FreeBSD. **Cisco Smart Licensing is a cloud-based system** that simplifies software license management across an organization replacing traditional Product Activation Keys (PAKs) with a more flexible, automated approach.
- Designed and developed a **responsive web portal** for **Mylan**, a global healthcare company using Core Java, Spring MVC, JSP, Ajax and Hibernate with backend integration, enabling patient records access, healthcare plans, monitoring health concerns as per age groups.
- Collaborated with cross-functional teams across geographies to deliver production-grade services within SLA in an Agile delivery setup.

Accenture Services Pvt. Ltd – Systems Analyst

April 2010 – September 2012 | Mumbai and New Delhi, India

- Developed web applications for France Telecom using Struts, JSP, Hibernate, and Oracle.
- Reduced content migration errors by implementing automated validation scripts, increasing data accuracy by 30%. Migrated content to XML format on Teamsite CMS for Hilton Hotel using Java and Spring MVC.
- Managed a team of 8–10 engineers , overseeing sprint planning, task delegation, and code reviews while mentoring junior engineers and driving timely delivery of critical features.

Oracle Financial Services – Associate Consultant

August 2006 – April 2010 | Mumbai, India / Berlin, Germany

Core Module Development:

- Developed core modules for Customer Account Opening and Linked Account Maintenance for Halifax Bank of Scotland (HBOS) in Stockholm and Oslo. This was the first virtual bank implementation with FCDB (FLEXCUBE Direct Banking) NG version live with FLEXCUBE Universal Banking Solution.

Implementation and Client Interaction:

- Supported implementation phase onsite in Germany, which included setting up the application for retail and admin users, fixing issues during the testing phase, interacting with clients for further enhancements and customizations, analyzing client requirements, and preparing the delivery schedule.

Education , Certifications and Learning

Master of Computer Applications (MCA)

MET's ICS, Mumbai University — 2006

- **Scholarship:** J.R.D. Tata Scholarship for distinction in all semesters.

IBM InfoSphere MDM Certification

Passed M76 Technical Mastery Test v1 with 88.64%, Sept 2011

Cloud Readiness with AWS :

Completed AWS learning paths on LinkedIn Learning, ([AWS Certified Cloud Practitioner \(CLF-C02\) Cert Prep](#)) that covers major topics as :

Cloud Concepts, Security and Compliance, Cloud Technologies and Services and Billing, Pricing and Support with focus on:

Compute Services: Elastic Beanstalk, Amazon Lightsail, Amazon EC2

Serverless Architecture: Lambda, API Gateway, Step Functions

Networking & Security: VPC, Security Groups, CloudTrail

Storage Services : S3, Amazon Elastic Block Store , Amazon Storage Gateway

Notable Accomplishments

- **Morgan Stanley:** GBOT Spot Award (2023) – Recognized globally for DRM fleet contributions.
- **Accenture:** Pinnacle & Spot Awards (2010), Performer of the Month (2012).
- **Oracle Financial Services:** Team Award (2009) – HBOS implementation success.
