EDUCATION

California State University, Fullerton

M.S. Information Systems, Business Analytics

Fullerton, CA

May 2024

Mahatma Gandhi Institute of Technology

B.Tech Information Technology

Hyderabad, India

Dec 2021

PROFESSIONAL EXPERIENCE

Kaiser Permanente (via Verisight)

Business Analyst

Pleasanton, CA

Nov 2024 – March 2025

- Utilized Excel (pivot tables, formulas, charts) to organize and analyze operational datasets, improving report accuracy by 25%.
- Generated weekly performance dashboards using Power BI and Power Query to support executive decision-making.
- Collaborated with cross-functional teams to gather reporting requirements and support ad hoc data requests.
- Assisted in data modeling and SQL tasks, contributing to development of scalable reporting processes.
- Performed data entry for new inventory and transactions, maintaining 99% data integrity across systems.
- Automated 25% of QA processes using Selenium, reducing testing time by 30% for Salesforce and HCM systems.
- Conducted UAT for HR portal migration, creating 150+ test cases with 98% defect detection rate.
- Integrated ServiceNow with Salesforce, reducing HR workflow bottlenecks by 40%.
- Developed Power BI dashboards to track HR operations and improve decision-making efficiency.
- Performed Excel-based data modeling for payroll trends; identified 10% cost-saving opportunities.

Wipro Limited

Business Analyst

Hyderabad, India

Dec 2021 – Dec 2022

- Implemented Lean Six Sigma methodologies for process improvement, streamlining portfolio optimization workflows, and increasing portfolio returns by 12%.
- Led real-time dashboard visualization project using Tableau, improving operational efficiency and data-driven decision-making by 15%.
- Performed data cleaning and normalization using Pandas and NumPy, ensuring accuracy across financial data sources.
- Researched and proposed improvements to data collection, reducing associated costs by 25%.
- Documented all data sources and related reports, reducing time spent on report research by 50%.
- Led testing for global Oracle HCM implementation, executing 500+ test cases across HR modules.

Cabra Technologies

Analyst/Testing Intern

Hyderabad, India

Jan 2020 – Dec 2021

- Implemented Selenium test scripts, reducing manual testing time by 20%.
- Performed database validation using SQL queries on MySQL/PostgreSQL systems.
- Participated in Agile sprints, documenting 50+ test cases for web applications.

PROJECTS

Facial Recognition Attendance System | *Python, MTCNN*

- Developed automated attendance system using facial recognition with 92% accuracy.

Eye-Controlled Computer Cursor | *Python, OpenCV, dlib*

- Built assistive technology using facial landmark detection (68-point algorithm).

Boston Real Estate Market Analysis

- Performed regression modeling using Python, Tableau, Excel to derive investment insights.
- Integrated data pipelines and visualization dashboards to guide real estate decisions.

Mean-Variance Portfolio Optimization

- Analyzed stock data using R, PostgreSQL, Excel; created optimal low-risk investment models.

TECHNICAL SKILLS

Python, SQL, R, Excel, Tableau, Power BI, Power Query, Selenium, JIRA, JMeter, QTest, Oracle HCM, PostgreSQL, MySQL, Oracle Fusion Middleware, OCI, Agile, UAT/SIT, Test Automation, Data Modeling, Defect Management, Data Analytics, Plotly, Matplotlib
