Atlanta, GA, USA | +1 (857) 313-5919 | priyanshmore@gmail.com | [LinkedIn](#)

Professional Summary

Highly Skilled Supply Chain Analyst with over 4+ years of experience in optimizing supply chain operations, reducing costs, and enhancing efficiency. Proven expertise in developing demand forecasting models, managing inventory, and improving supplier performance. Proficient in utilizing advanced data analytics tools, ERP systems, and supply chain software to drive strategic decision-making and operational improvements. Demonstrated success in leading integration projects and implementing quality control measures, resulting in significant cost savings and customer satisfaction. Adept at collaborating with cross-functional teams and leveraging Agile methodologies to deliver impactful results in dynamic environments. Proficient in Python, SQL, and various collaboration and project management tools.

Education

Master of Science in Data Analytics | Northeastern University | Boston, USA
Bachelor of Engineering in Computer Engineering | University of Mumbai | India

Apr/2024
Jun/2019

Work History

Supply Chain Data Analyst | Accurate Health Group LLC, USA

May 2023 - Current

- Analyzed supply chain data, inventory levels, and demand forecasts to identify trends and improve order accuracy, reducing stockouts and minimizing carrying costs.
- Worked with suppliers to improve lead times, quality, and cost-effectiveness, resulting in a 10% reduction in defective products and improved customer satisfaction.
- Designed and maintained ETL workflows to extract procurement and production data from ERP systems, scheduled and monitored data pipelines for key supply chain KPIs- such as supplier performance, inventory turnover, lead time and forecast accuracy- enabling automated alerts and proactive planning
- Assisted in creating demand forecasting models that optimized inventory levels and supported data-driven decision-making through visual reports and dashboards.
- Supported and troubleshoot EDI integration between vendors and the Material Management module, resolving issues related to purchase orders, advanced shipping notices (ASNs), and invoice billing.
- Created documentation / Standard Operating Procedures (SOP) for all process work and utilized cloud analytics including Google BigQuery to run ad hoc queries, generate performance reports and requests from cross-functional departments.
- Generated accurate demand plans to support production scheduling, procurement, and inventory management activities.
- Provided root cause analysis to support decision-making by effectively communicating and translating data and results into business insights and actions.
- Ensured regulatory compliance with HIPAA and FDA standards by securing patient data and validating supplier materials.
- Conducted training sessions for cross-functional teams to improve their understanding of supply chain processes and foster better collaboration, using vendor scorecards to evaluate and enhance supplier performance.

Supply Chain Data Analyst | Saini Heavy Electrical & Engineering Company, Pvt. Ltd, India

Aug 2019 - Aug 2022

- Executed strategic sourcing and procurement practices, achieving 12% cost savings through effective supplier selection and contract negotiation.
- Managed end-to-end Program Purchasing activities, ensuring seamless operations and 100% client satisfaction.
- Supported ETL processes to pull structured data from ERP system and integrate it into centralized reporting system, improving the speed and accuracy of S&OP insights.
- Led cross-functional meetings and projects to gain exposure to different aspects of the supply chain function, including procurement, production planning, and distribution.
- Leveraged advanced SQL proficiency to efficiently import data from company databases into 100+ data lake views, creating Excel dashboards to monitor open customer orders, on-time Delivery, and Lead times, extracting valuable insights to identify and optimize S&OP resulting in enhanced KPI performance.
- Maintained ISO 9001 and DOT compliance by standardizing procurement processes and aligning transport practices with quality and safety regulations.
- Demonstrated expertise in category management, reducing raw material costs by 12% through effective benchmarking.
- Led Six Sigma-based initiatives to streamline the procurement approval process, reducing lead times by 25% and achieving \$30,000 in annual savings by eliminating redundancies and optimizing workflows.
- Conducted User Acceptance Test (UAT) for system upgrades and workflow changes related to ERP such as procurement automation and vendor performance dashboards, ensuring alignment with stakeholder requirements and smooth deployment.
- Enhanced vendor performance by 30% using a KPI dashboard in Tableau, maximizing supplier involvement and efficiency.

Skills

Methodologies: SDLC, Agile, Waterfall

Enterprise Resource Planning: SAP (S/4HANA, BW, EWM), Oracle, Microsoft Dynamics, NetSuite, JD Edwards

Supply Chain Software: Warehouse Management Systems (WMS), Transportation Management Systems (TMS), Demand Planning Software, Inventory Management Software

Programming Languages: Python, SQL, R, Toad, Azure Data Studio, Microsoft SQL Server, Google Big Query

Database: MySQL, SQL Server, Oracle, NoSQL, MS Advanced Excel

Visualization: Power BI, Tableau, Excel VBA, Microsoft PowerPoint

Supply Chain Integration: EDI (Electronic Data Interchange), API Integration, IoT (Internet of Things) Integration, Integration Middleware MuleSoft

Quality Management Systems: ISO Standards- 9001, Total Quality Management (TQM), Six Sigma, Lean Manufacturing

Collaboration Tools: Microsoft Teams, Slack, SharePoint, Project Management Tools Jira, Asana

Agile Ceremonies: Sprint Planning, Daily Stand-ups, Backlog Refinement, Sprint Review, Retrospective Meetings

Supply Chain: Snowflake, Microsoft Azure, Informatica, GCP, AWS (S3, EC2, Redshift), ETL – Alteryx, SAS.

Certifications

Fundamentals of Data Analysis using Excel | SAP Applicant Consultant | SAP Certified Development Associate

SQL Developer | SQL Database Development
