Dauda Oyebanji

Graduate Researcher | Lean Mfg & Mgmt | Certified Six Sigma
Green Belt

Ruston, Louisiana, United States

Summary

- I'm a PhD student in Nanotechnology at Louisiana Tech University currently working on NSF project of Synthesis, Characterization & Applications of Carbon Quantum Dots.

- Instrumentation on SEM, EDX, Confocal Microscope, TOC, TGA, Zeta Potential Analyzer etc.

Experience

Louisiana Tech University College of Engineering and Science

Graduate Assistant

September 2023 - Present (1 year 10 months)

Ruston, Louisiana, United States

- Project Management
- Material Characterization
- Chemical Synthesis
- Research and Development (R&D)
- Researcher and Teaching Assistant
- Nanoparticles, Nanolithography & Photolithography
- Instrumentation on SEM, EDX, Confocal Microscopy, TOC, TGA Fluorescence Spectrophotometer, Zeta Potential Analyzer etc.
- Mentor and train REU students.

Federal University of Technology Akure

Graduate Research Assistant/Quality Control Officer

January 2017 - August 2023 (6 years 8 months)

Akure, Ondo State, Nigeria.

- Chemical Synthesis
- Material Characterization
- Water and Products Analysis
- Proximate Analysis
- Quality Control/Quality Assurance

- Setting of Products Standard in relation to NAFDAC & SON Rules and Regulations.

Okotie-Eboh Grammar School

Teacher

May 2015 - April 2016 (1 year)

Delta State, Nigeria

- Coordinated & conducted chemistry classes for SS2 students
- Orchestrated lab experiments
- Prepared those students towards their WASSCE
- Conducted tests & exams
- Worked hand in hand with other chemistry teachers

Better Coat Paint

Production Intern/QC Personnel

May 2013 - January 2014 (9 months)

Ogun State, Nigeria

- Participate in the production of various coatings of paint
- Also worked in the QC/QA department

Education

Louisiana Tech University

Master of Science - MS, Engineering and Technology Management · (March 2024 - May 2025)

Federal University of Technology Akure

Bachelor of Technology - BTech, Industrial Chemistry · (December 2009 - December 2014)

Louisiana Tech University

Doctor of Philosophy - PhD, Nanotechnology · (September 2023)
