Work Experience

Data Analytics Consultant Intern

May 2025 – Aug 2025

Kennedy Jenks Consultants

Tampa, FL

- Collaborating with clients to assess asset and utility data gaps and support the design of cost-effective analytics and CMMS solutions using tools like **Cartegraph**, **Optimatics**, **Power Apps**, and **Fabric workspace**.
- Automated the EUM assessment workflow using **Microsoft Forms**, **Power Automate**, and **SharePoint**, and developed dashboards in **Power BI** and **AI agents** in Copilot Studio.
- Developed and optimized **SQL views** to query large asset management databases, improving data integrity and troubleshooting issues related to duplicate records and complex joins.

Data Analytics Co-Op

May 2024 – Aug 2024, Jan 2025 – May 2025

Sarasota County Government

Sarasota, FL

- Created **HIPAA-compliant healthcare dashboards** analyzing **3 years of injury data**; projected **40% insurance cost savings** through predictive analytics.
- Designed HR analytics dashboards using **1,200+** onboarding survey responses; identified trends and improved participation strategies across **6** Talent Acquisition programs.
- Built an Azure-based ETL pipeline for real-time hurricane tracking using SQL, Python, and Power Automate; reduced manual updates by **90%** and improved data accessibility.
- Analyzed **15 years** of utility billing and energy data using DAX and external datasets (*NOAA*, *AQI*); uncovered seasonal trends across **150 county buildings**.

Analyst II

Jul 2020 – Jul 2023

Teachers Insurance and Annuity Association of America (TIAA)

Mumbai, India

- Built a provider performance dashboard in Power BI by analyzing **2,500+ medical claim records**; uncovered service delays and variation in treatment costs, driving improvements to **3 vendor SLAs**.
- Used statistical methods like (**hypothesis testing** p and r values to identify high-risk roles and seasonal injury patterns across **20+ departments**.
- Tracked cost per injury and recovery time across **1,200+ incidents**; surfaced insights that led to vendor contract renegotiations and **\$90K in projected healthcare savings**.
- Built and optimized **SQL queries** to extract and cleanse healthcare cost and benefits data, improving reporting speed by **30%** and accuracy by **18%**.
- Modeled insurance KPIs using **DAX** and **star schema**, enabling real-time tracking of claim frequency, cost per incident, and resolution timelines.
- Automated processing of **10K+ healthcare records/day** using Power Automate, reducing HIPAA compliance review time by **60%**.
- Partnered with Benefits, Risk, and Safety teams to deliver dashboards supporting data-driven policy decisions and wellness initiatives.

Education

University of South Florida

Aug 2023 – May 2025

Master of Science in Business Analytics & Information Systems

Tampa, FL, USA

University of Mumbai

Aug 2016 – May 2020

Bachelor of Engineering in Information Technology

Mumbai, India

Technical Skills

Programming & Databases: SQL, Python, R, Java, Bash, DAX, Snowflake, Cassandra

Analytics & Visualization Tools: Power BI, Tableau, Excel, Alteryx, VBA, Jupyter Notebook

Cloud & Developer Tools: AWS, Microsoft Azure, Git, JIRA, Docker, PySpark, Splunk, Postman

Data Analytics & Statistical Methods: Hypothesis Testing, Regression Analysis, Correlation (r-values, p-values), A/B Testing, Data Profiling, Data Modeling (Star Schema, Fact/Dim Tables), ETL Pipeline

Certifications: Oracle Cloud Infrastructure 2024 Gen AI Professional, [AWS Solutions Architect Associate](#)

Research Publication: Eye Gaze-based Student Readability Analysis ([Springer Publications](#))
