## Business Data Analyst

+1 (813) 603-6697 | [ramaraoravilla861@gmail.com](mailto:ramaraoravilla861@gmail.com) | FL USA | [LinkedIn](#)

### SUMMARY

Business Data Analyst with 2+ years of experience transforming complex data into actionable insights to support strategic decision-making. Skilled in SQL, Excel, Python, and data visualization tools like Power BI and Tableau to design interactive dashboards and automate reporting workflows. Proven ability to collaborate with cross-functional teams, gather business requirements, and deliver data-driven solutions that improve operational efficiency, reduce costs, and enhance performance. Experienced in A/B testing, trend analysis, and root cause identification across domains such as healthcare, and e-commerce. Adept at bridging the gap between technical data outputs and business goals in fast-paced, Agile environments.

### SKILLS

**Methodologies:** Agile/Scrum, Waterfall

**Language:** SQL, Python, R, Spark

**Project Management Tools:** MS Project, MS Excel, MS SharePoint

**Analysis Skills:** SWOT analysis, Cost/benefit analysis, GAP analysis

**Cloud Technology:** AWS, Databricks, Snowflake, Redshift

**Documentation:** FRD, BRD, SRS

**ETL:** SSIS, Talend

**Databases:** MySQL, SQL Server, Oracle, MongoDB

**ERP Planning:** MS Dynamics Nav, QuickBooks, NetSuite and JD Edwards

**Business intelligence tools:** Power BI, Tableau

**Tracking/Other Skills:** Jira, Microsoft Visio, JAD, RTM, UAT, SAS

### EXPERIENCE

#### Business Data Analyst, Cigna Healthcare, USA

Jan 2025 – Present

- Collaborated with cross-functional teams in a Scrum environment to define and prioritize business requirements, ensuring alignment with project goals and stakeholder needs.
- Utilized project management tools such as JIRA, Trello, and Microsoft Project to track project progress, manage tasks, and coordinate with team members, resulting in a 30% increase in project completion rates on schedule.
- Conduct user acceptance testing (UAT) to validate the effectiveness and accuracy of implemented solutions.
- Employed SQL and data visualization tools to analyze large datasets, enabling data-driven decision-making and providing actionable insights to senior management.
- Created and maintained interactive dashboards and reports using Power BI, providing real-time performance metrics to support executive-level decision-making.
- Utilized JIRA for tracking sprint progress and managing user stories, tasks, and bugs, ensuring timely resolution and maintaining a high level of productivity throughout the project lifecycle.

#### Business Data Analyst, Hexaware Technologies, INDIA

Aug 2021 – Jul 2023

- Facilitated Scrum ceremonies, including daily stand-ups, sprint planning, retrospectives, and backlog grooming sessions, improving team communication and project transparency.
- Used Python and SQL to extract, transform, and analyze data from sources, providing insights to support decision-making.
- Designed ETL workflows using SSIS and Talend to streamline data integration and improve reporting accuracy.
- Managed project schedules and resources using MS Project and Primavera P, achieving a 15% improvement in project timeline adherence and a 25% increase in resource utilization efficiency.
- Conceptualized AWS services such as S3, Glue, and Redshift for efficient data storage, ETL processing, and data warehousing.
- Created graphs and charts, such as Pie charts and bar charts, using MS Excel, leading to a 20% improvement in data visualization effectiveness.
- Conducted thorough analysis utilizing SQL queries, GAP analysis, and SWOT analysis to identify areas for improvement.
- Implemented business intelligence tools such as Power BI and Tableau to analyze data, resulting in a 20% increase in decision-making efficiency and accuracy.
- Leveraged VLOOKUPS and HLOOKUPS to rigorously validate data integrity, cross-referencing data from datasets, resulting in a 25% enhancement in data accuracy.
- Proficient in using Microsoft Visio to create comprehensive and detailed business process workflows, flowcharts, and diagrams that visually represent complex business processes and systems.

### EDUCATION

**Master's in COMPUTER SCIENCE**, University of South Florida, Tampa, Florida, USA

Aug 2023 – May 2025

**Bachelor's in COMPUTER SCIENCE AND ENGINEERING**, R.M.D ENGINEERING COLLEGE, Chennai, India

Aug 2019 – Apr 2023
