

Ramya Madupuri

Business Data Analyst

Houston, TX | +1 (832) 607-4539 | ramyamadupuri81@gmail.com

SUMMARY

- Business Data Analyst with around 4 years of hands-on experience in leveraging data-driven insights to support strategic decision-making and business growth.
- Proficient in SQL, Python, and R for data querying, analysis, and predictive modeling, utilizing libraries such as NumPy, Pandas, and ggplot2 for advanced data manipulation.
- Expertise in preparing BRD, FRD, and SRS documentation to align business objectives with technical requirements.
- Adept at data visualization and storytelling using Tableau and Power BI, enabling actionable insights for stakeholders.
- Strong analytical background with experience in SWOT analysis, Risk analysis, GAP analysis, Cost-Benefit analysis, and Impact analysis to optimize business strategies.
- Hands-on experience with cloud platforms like AWS, Azure, GCP, and Snowflake, along with DataBricks for scalable cloud-based data solutions.
- Well-versed in managing relational databases such as MySQL, SQL Server, etc., ensuring efficient data storage and retrieval.

SKILLS

Methodologies: SDLC, Agile (Scrum, Kanban), Waterfall

Languages: SQL, Python, R

Documentations: BRD, FRD, SRS

Packages: NumPy, Pandas, Matplotlib, Seaborn, SciPy, Scikit-Learn, TensorFlow, ggplot2

Visualization Tools: Tableau, Power BI, Excel (Pivot Table, Solver, Decision Tree, VLOOKUP)

Analysis Skills: Cost/Benefit Analysis, Risk Analysis,

SWOT Analysis, Impact Analysis, GAP Analysis

Cloud Tools: AWS, Azure, Snowflake, GCP, DataBricks

Databases: MySQL, PostgreSQL, SQL Server, Oracle, MongoDB

Version Control Tools: Git, GitHub, GitLab

Other Tools: Jira, Confluence, Figma, HP Quality Center, JAD, RTM, MS SharePoint, UAT, Google Analytics

Operating Systems: Windows, Linux, Mac

EXPERIENCE

Kroger, USA | Business Data Analyst

Jan 2024 - Present

- Collaborated within Agile methodologies throughout the Software Development Life Cycle, ensuring seamless communication between stakeholders and technical teams to meet project milestones efficiently.
- Conducted gap analyses between legacy and proposed systems, identifying discrepancies and recommending solutions, leading to a 20% improvement in system functionality and operational efficiency.
- Employed Python libraries like Pandas, NumPy, Matplotlib, and SciPy for data analysis and manipulation, delivering actionable insights that enhanced business strategies and decision-making.
- Managed project documentation using MS SharePoint, developing and maintaining BRD, FRD, and Use Case artifacts, ensuring 100% traceability across all project phases.
- Designed and developed 30+ Tableau dashboards, including Tree maps, Heat Maps, Scatter Plots, Geographic Maps, Line Charts, and Pie Charts, accelerating stakeholder decision-making by 25%.
- Optimized and secured SQL Server databases, implementing auditing measures, and ensuring compliance with security standards.

Hexaware, India | Business Data Analyst

Jan 2020 - Jul 2022

- Implemented the Waterfall methodology to ensure structured project execution, leading to the on-time delivery of high-quality products while aligning with stakeholder expectations.
- Developed SQL queries to extract, manipulate, and analyze data, supporting 50+ data-driven decisions and enhancing reporting.
- Exploited Python libraries such as Pandas, NumPy, Matplotlib, and SciPy for advanced data processing, feature engineering, and cleansing, improving data accuracy and usability.
- Enhanced ETL workflows by integrating AWS with Talend, reducing data migration interruptions by 40% while ensuring data consistency and reliability.
- Established and maintained over 25 Power BI dashboards and scorecards, providing real-time insights for senior management and improving operational transparency by 35%.
- Led JAD sessions, verifying key discussions and contributing to BRD development, strengthening stakeholder communication.
- Extracted and analyzed data from MySQL databases and CRM systems, producing 10+ interactive visualizations and A/B test interpretations, improving campaign performance by 20%.

EDUCATION

Master of Science in Business Analytics | University of Houston

May 2024

Bachelor of Technology in Civil Engineering | Jawaharlal Nehru Technological University, India

Sep 2020
