PROFESSIONAL EXPERIENCE

Supply Chain Analyst

July 2022 – Sept 2024

DSV Air & Sea Inc., | Milton, ON, Canada

- Led strategic initiatives to optimize reporting workflows, reducing cycle times by 30% using Agile methodology and SQL automation.
- Designed interactive Power BI dashboards for real-time KPI monitoring, improving leadership decision-making and vendor accountability.
- Identified and resolved ERP system inefficiencies, increasing operational productivity by 25% and enhancing shipment visibility across global routes.
- Collaborated with cross-functional teams to streamline data flows between logistics and procurement, supporting faster sourcing decisions.

Project Coordinator

Jan 2019 – June 2021

Bangladesh Brand Forum | Dhaka, Bangladesh

- Implemented cloud-based training and project management systems, reducing operational costs by 30% and increasing program scalability.
- Managed Agile sprint cycles across 10+ concurrent initiatives using Jira, ensuring on-time delivery and stakeholder transparency.
- Developed and maintained KPI dashboards that tracked event performance and resource utilization, improving strategic planning.
- Coordinated cross-departmental teams to support branding and logistics operations for high-impact national conferences.

Business Process Analyst

Jan 2017 – Dec 2018

Nexus Corporation | Dhaka, Bangladesh

- Led process optimization projects eliminated workflow redundancies and generated \$25K in annual savings.
- Conducted detailed requirements gathering through stakeholder interviews, aligning system integration goals with operational needs.
- Facilitated technology rollouts that bridged gaps between departments, boosting productivity and communication efficiency.
- Delivered process documentation and gap analyses to guide digital transformation initiatives across supply chain operations.

Intern

May 2016 – Aug 2016

HeidelbergCement Bangladesh Ltd. | Dhaka, Bangladesh.

- Supported day-to-day operations by collecting and analyzing data to identify performance bottlenecks.
- Assisted in developing optimization proposals that improved delivery efficiency and reduced cost-to-serve.
- Contributed to reporting dashboards and metrics used by planning teams to forecast material flow and inventory requirements.
