Projects

HCAHPS Patient Satisfaction Survey Scores: Microsoft Excel | PostgreSQL | Tableau

- Utilized **Excel** to combine relevant data from raw CSV files and reformat non-numeric cells using Find and Replace
- Employed **PostgreSQL** to standardize, prepare and extract HCAHPS survey data from 3,000 U.S. hospitals to access patient care quality
- Reformatted dates and standardized provider CCN numbers using the TO_DATE, LPAD and CAST functions.
- Prepared and identified essential data for exportation using WINDOW functions, ROW_NUMBER, CTEs and INNER JOINS.
- Categorized hospitals and pertinent cohort survey answers in **Tableau** using calculated fields, bar graphs and delta spreads to identify hospitals providing the highest quality of patient care while highlighting areas in need of improvement.

Demographic Insights for Marketing & Sales Optimization in Tourism: Microsoft Excel | Microsoft PowerPoint | Tableau

- Utilizing **Excel** and **Tableau**, conducted exploratory data analysis (EDA) and customer segmentation on 4,888 customer travel records.
- Employed bar graphs, pie charts, histograms and calculated fields to identify key customer demographics.
- Discovered 60% of converted customers chose the basic travel package across all income demographics despite 4 other package options.
- Created a **PowerPoint** presentation proposing the implementation of customer surveys to gain insights into customer preferences and drive sales growth among higher-income demographics.

Telecom Customer Churn Analysis: Microsoft Excel | Tableau

- Performed exploratory data analysis (EDA) on 7,043 telecom customers to identify key churn patterns.
- Utilized **Excel** and **Tableau** to create pivot tables, bar graphs and filters to segment customers based on demographics.
- Applied SUM and AVERAGE functions to reveal churned customers spent 53% less on monthly and 82% less on long-distance charges than retained customers.
- Discovered churned customers were on average older in age and had shorter tenure durations.
- Identified competition and customer dissatisfaction as the primary drivers of churn, providing actionable insights for retention strategies.

Experience

Marketing Analytics Consultant Data In Motion Humble, TX 09/2024 - Current

- Compiled and analyzed 1+ million rows of social media metrics in **Excel** to uncover performance trends and engagement patterns.
- Created **Tableau** dashboards to pinpoint meaningful correlations between social media engagement and content performance.
- Devised a 3-Circle Analysis comparing the business's unique strengths to six competitors, uncovering strategic insights to inform content development and maintain market competitiveness.

Business Owner Sapien Contracting Humble, TX 02/2023 - Current

- Collaborated with clients to design 10+ engaging, on-brand Instagram posts using Canva, effectively highlighting special offers driving business growth and enhanced customer engagement.
- Executed a comprehensive audit of the client's 1,000+ Instagram followers, strategically removing non-contributing accounts to optimize brand alignment and improve traffic growth by 15%.
- Developed and maintained an **Excel** tracking system to monitor and optimize client's Instagram engagement activities, ensuring balanced interactions and consistent posting across 1,000+ followers which ultimately led to a 12% increase in engagement.

Virtual Assistant Freelancer Erica Hernandez Media Humble, TX 10/2022 - 02/2023

- Designed and implemented a comprehensive accounting spreadsheet utilizing mathematical functions in **Google Sheets** to efficiently track client billable hours, hourly wages, outstanding balances, and ultimately reducing billing discrepancies and improving client satisfaction by 15%.
- Conducted in-depth online research to update a marketing spreadsheet for a client, identifying and verifying restaurant names, menus, web and email addresses ensuring 100% accuracy in over 25 records which improved client outreach efficiency by 2.5%.
- Cowrote, created, and designed social media marketing posts using Canva for small business clients to increase engagement.

Business Owner The Oria Collection Humble, TX 01/2020 - 04/2023

- Singlehandedly, built, launched, managed and operated an e-commerce artisan candle and soap business utilizing the Shopify platform.
- Accurately tracked, and reported all business quarterly/annual sales tax metrics utilizing **Microsoft Excel**.
- Provided exceptional online and in-person customer service. This resulted in a 5/5-star rating on yotpo.com reviews.
- Managed all aspects of business finance, planning, administration, and purchasing utilizing **Microsoft Excel**.

Education

Bachelor of Science in Biology The University of Texas at San Antonio San Antonio, TX 08/2004 - 12/2007
