PROFESSIONAL SUMMARY

Dynamic and forward-thinking Software Engineer with over 5+ years of hands-on experience in web server programming, delivering exceptional results through innovative design and leadership. Well-versed in Object-Oriented Programming (OOP) principles, design patterns, and API design, implementation, and integration.

EDUCATION

MASTER'S DEGREE

Lawrence Technological University, Southfield, Michigan
Computer Science | GPA 4.0/4.0

January 2024 - Present
Expected Graduation in May 2026

BACHELOR'S DEGREE

MBICT Anand, India
Computer Engineering | GPA 3.7/4.0

August 2015 - July 2019

EXPERIENCE

Student Ambassador, Lawrence Technological University, Southfield, MI

Dec 2024 - Present

- Assisting in the Admissions Department for Transcripts Evaluation.

Senior Software Engineer, Mintoak Innovations Pvt Ltd, Mumbai India

Oct 2021-March 2024

- I have contributed to the creation of these websites : [Mintoak](#) , [Smarthub](#)
- Developed scalable software solutions using React JS, Next JS, and Java, contributing to faster development cycles and enhanced product features.
- Collaborated with cross-functional teams to deliver projects on time, improving customer retention and product adoption.
- Resolved critical bugs and optimized performance, reducing system downtime by, leading to improved user experience .
- Streamlined deployment pipelines with CI/CD, reducing deployment time by 70% for quicker feature releases.

Full Stack Developer at Pedagogy, Ahmedabad, India

July 2019 - August 2021

- Designed and developed full-stack applications using frontend (HTML, CSS, JavaScript, React js, Angular js) and backend (Java) technologies, improving system efficiency.
- Built and consumed RESTful APIs and third-party services, enhancing integration capabilities and reducing development time.
- Implemented security measures at all stages of development, increasing system security and reducing vulnerabilities.

SKILLS

Programming Languages: Javascript, JAVA Spring boot, C#.NET, Python, HTML5/CSS/JavaScript

Frameworks and Libraries: React, React-Native, Angular, Node.js, Next.js,

Databases: MongoDB (NoSQL), MySQL, Postgresql

Tools: Jira, Redux, Redux-saga, Redux Toolkit, Git & GitHub, AWS, Heroku, Kubernetes, Typescript, Parse platform, Bit-Bucket

Language: English, Hindi, Gujarati (Native)

Soft skills: Decision Making, Problem Solving, Leadership, Strategic Thinking, Communication skills, interpersonal

Projects

EZ-Pay (<https://github.com/Nirali164/WebSampleProject>) implemented a Full stack Project using React Js, Node JS and My SQL. Improved performance by 10% through writing reusable and efficient code.
