

SHARMIN SULTANA

(541) 914-7348 | sharmin.urmi0410@gmail.com | [LinkedIn](#) | Knoxville, TN

Summary

Recent graduate with a strong background in Management Information Systems and Finance, bringing proven experience in banking operations, data analysis, information security, and enterprise resource planning (ERP). Skilled at applying analytical and technical tools to improve business processes and decision-making. Seeking an entry-level role where I can contribute my expertise in data-driven problem solving, financial analysis, and system management while continuing to grow professionally in a dynamic organization.

Administrative Support as a data analyst

Center for English – Non-Profit Organization | Knoxville, TN | Aug 2025 – Present

- Provide on-site administrative assistance including data entry, filing, copying/printing, and reporting/recording.
- Support new student enrollment processes by maintaining accurate records and assisting with documentation.
- Contribute to a collaborative office environment while supporting the organization’s mission to serve the community.

Experience

Officer | General Banking and Credit Department | *National Bank Limited* | *Bangladesh* Jan 2014 – Jan 2016

- Managed daily banking operations in compliance with policies and regulations
- Assisted Credit Department with loan processing, account monitoring, and documentation accuracy
- Delivered excellent customer service while enhancing operational efficiency.
- Recognized with the “Best Deposit Collecting Award” (2014).

Intern | Centralized Foreign Remittance Center (CFRC) | *Prime Bank Limited Bangladesh* May 2009 – Jul 2009

- Collaborated with the CFRC team to monitor and coordinate foreign remittance activities.
- Assisted in verifying transactions, ensuring compliance with international banking standards.
- Gained practical exposure to banking operations, customer service, and financial documentation.
