Tech PM with 5+ years' experience driving customer-centric innovation and 0-to-1 products in fintech & enterprise software

EDUCATION

THE UNIVERSITY OF TEXAS AT AUSTIN, McCombs School of Business, Austin, TX

Master of Business Administration – Management Science & Quantitative Methods, GMAT: 760

May 2025

- Developed GTM strategy for **Ashley Energy**, targeting commercial real estate clients in downtown St. Louis, leading to a 15% increase in client acquisition over six months
- Proposed AI-led strategies at **Dell Case Competition** to cut packaging by 35% and reduce emissions by 50K kg per distribution hub; later adopted by the Storage Sustainability team as part of CY2024 roadmap

INDIAN INSTITUTE OF TECHNOLOGY (IIT), Roorkee, India

Bachelor of Technology in Chemical Engineering

Jun 2019

EXPERIENCE

DELL TECHNOLOGIES, Austin, Texas

Product Manager Intern, Storage

May 2024 – Aug 2024

- Unlocked \$500M+ in additional revenue by identifying adoption gaps in container storage workflows through customer interviews and RFPs from 10+ Fortune 500 clients, with 15% of the opportunity captured next quarter
- Benchmarked competitor virtualization integrations (OpenShift/KubeVirt) and drafted a PRD to expand Dell's hybrid cloud product TAM by over \$2.5B, creating a 12-month product roadmap
- Drove 60%+ increase in adoption of Authorization and Observability for 800+ Kubernetes deployments by enabling role-based access and real-time monitoring (Prometheus/Grafana), cutting access tickets by 40% and MTTR by 25%
- Boosted container storage replication by 36%, analyzing OpenTelemetry data from 2,000+ EU storage systems and enabling GDPR-compliant replication capabilities for 700+ inactive systems

SONATYPE, Austin, Texas

Sep 2024 – Nov 2024

Product Marketing, MBA Consultant

- Spearheaded engagement funnel optimization by auditing 50+ competitor UX and buyer journey touchpoints; boosted lead to-demo conversion by 2.3x through homepage redesign and outbound messaging improvements
- Delivered MarTech and content strategy recommendations to the CMO, improving lead conversion by 30% by SEO enhancements and launch of developer-focused lead acquisition tools

HSBC, Hyderabad, India

Technical Product Manager, FinTech & Cloud Infrastructure

Sep 2021 – Apr 2023

- Led \$1.3M migration of core banking infrastructure to AWS Cloud; aligned engineering and IT teams, and managed a phased migration roadmap, generating \$580K savings in infrastructure OpEx annually
- Launched an AI chatbot for credit card support on HSBC's digital channels in UAE and India, integrating KYC checks, automating offer queries to achieve 98% first-contact resolution and drive 100K+ additional user traffic annually
- Shipped a SaaS access management system from 0-to-1 with RBAC and audit logging; improved NPS by 14 points and partnered with compliance, cybersecurity, and DevOps to scale across 15 projects, reducing IAM violations by 60%
- Defined product strategy and delivery of CI/CD infrastructure automation platform (Jenkins/Terraform); scoped MVP rollout and enabled one-click provisioning, boosting release velocity by 55% and saving 120+ hours quarterly

Software Engineer

Jul 2019 – Aug 2021

- Built real-time data visualization dashboards for consumer behavior analytics using QlikSense and Tableau, reducing time-to-insight by 30% and enabling product teams to identify friction in onboarding flow
- Led migration of core infrastructure to a multi-region, high-availability architecture supporting mission-critical banking workflows, achieving 40% lower operational risk and ensuring continuous uptime for regulated services
- Spearheaded end-to-end development of a real-time performance monitoring system (AWS CloudWatch), reducing application downtime by 68% and saving \$35K annually by improving application reliability

SKILLS

- **Technical Tools:** Kubernetes, SQL, AWS, GCP, JIRA, Figma, Tableau, Gitlab, PowerBI, Python, Terraform, Jenkins
- **Core Competencies:** Market Sizing, Competitive Analysis, Product Development, Roadmapping (RICE/WSJF), OKRs, Data Analytics, User Research, Usability Testing, Agile Methodologies, Leadership, Data Visualization, Pricing Frameworks
