RELEVANT PROFESSIONAL EXPERIENCE

Project Manager

Project Associate

EvensonBest LLC, New York (Furniture Dealership)

June 2025 – Present

Sept 2020 – May 2025

- Spearhead 6+ high-profile projects across law, insurance, tech and education, leading a team of three to manage design development, project coordination, and seamless onsite installation.
- Prepare specifications, budgets and schedules with Project Directors and Account Executives for multi-phase projects across banking, finance, government and medicine, valued up to \$15M.
- Collaborate with engineering, production, and sales teams to develop design concepts and custom furniture solutions, reducing project costs by 20%.
- Streamline product pricing, approvals, order entry, and project coordination through client status reports and effective communication, reducing project turnaround time by 30%.
- Assist in selecting furniture that contributes towards LEED categories like "Materials and Resources" and "Indoor Environmental Quality".
- Manage on-site furniture and electrical layouts to ensure compliance with building codes & standards, and participate in weekly construction calls to maintain project alignment.
- Supervise on-site punch list resolution with manufacturers before client move-in, bringing about a 50% reduction in enquiries post-occupancy.

Interior Design Intern

Robert A.M. Stern Architects, New York

Sept 2019 - Dec 2019

- Produced design drawings, presentation materials, 3D and physical models for 5+ residential projects with the Design Director, elevating interior design and marketing efforts.
- Conducted in-depth material and product research to identify innovative solutions for public spaces, ensuring aesthetics and functionality.
- Collaborated with cross-functional project teams to conceptualize and refine design ideas, transforming creative visions into functional solutions.

Interior Designer and Project Manager

Design Office Mumbai, India

May 2016 - Jul 2018

- Collaborated with the Studio Directors to conceptualize and pitch designs for new project bids.
- Crafted 3D renders and presentation boards that increased client decision-making by 40%.
- Managed end-to-end execution of small-scale residential, commercial and retail projects, from schematic development to construction supervision and handover.
- Partnered with external architects and lighting designers to deliver cohesive, multi-level projects.
- Led client store visits to source material, furniture, and accessories, curated based on requirements, reducing the project timeline by 3-4 weeks.
- Initiated and single-handedly built the studio's website to enhance credibility, pitch for press opportunities & industry competitions, and broaden client base by 50%.

Brand Manager and Designer

Black Crow Studios, India (Custom Wallcovering Solutions)

May 2016 - Jul 2018

- Led sales and brand development for a California-based mural company in the Indian market.
- Oversaw daily sampling, inventory management, and international shipping for order fulfillment.
- Advised on mural designs, substrates and sizing, based on client needs and lead times, boosting product sales by 15% through strategic negotiations and bulk orders.
