

SATWIKA SHAGANTI

Chicago, IL | (312) 479-3281 | sshaganti@hawk.iit.edu | <https://www.linkedin.com/in/satwika-shaganti-859a771aa/>

SUMMARY

Motivated and dedicated Data science student with expertise in data visualization, statistical analysis, and IT operations and a strong foundation in data pipeline development, ML, and big data technologies. Proficient in Python, SQL, Power BI, and cloud platforms, with experience in ETL processes and data integration. Passionate about building scalable data solutions to drive business insights and innovation.

EDUCATION

Illinois Institute of Technology

Chicago, IL

Master of Data Science

May 2025

Courses: Machine Learning, Natural Language Processing, Big Data Technologies, Data Preparation & Analysis, Introduction to Algorithms, Introduction to Time Series, Regression, Monte Carlo Methods in Finance, Public Engagement for Scientists.

Bhoj Reddy Engineering College for Women

Telangana, India

Electronics and Communication Engineering

July 2022

TECHNICAL SKILLS

Programming: Python, SQL, R, C.

Big Data & Cloud: Hadoop, Spark, Kafka, AWS, Azure, Google Cloud.

AI/ML Tools: NumPy, Pandas, Scikit-Learn, Matplotlib, Spark, Hadoop, Hive, TensorFlow.

Data Visualization Platforms: Excel, PowerPoint, Power BI, Tableau.

EXPERIENCE

Pure Platform

Chicago, IL

Data Science Intern (Capstone)

January 2025- May 2025

- Developed a multimodal search engine by generating and combining text (MiniLM) and image (CLIP) embeddings into a unified FAISS index.
- Implemented text preprocessing, embedding generation, and index construction using Python, NLTK, SentenceTransformers, and FAISS. Built a search engine class capable of handling both text and image URL queries via padding strategy, enabling efficient semantic retrieval.

Accelerate

Remote

Data Visualization Intern

June 2023 - July 2023

- Improved the performance of two struggling Facebook ad campaigns for the Superhero U event's marketing team, increasing the audience reach by 25% while lowering advertising costs by 15%.
- Utilized Excel Sheets, Google Studio, and Google Charts to perform in-depth data analysis, assessment, and visualization, enabling well-informed decision-making.
- Designed interactive dashboards in Tableau and Power BI to communicate performance insights. Managed project workflows, improving overall project efficiency by 15%.

Cognizant Technology Solutions

Hyderabad, Telangana

Programmer Analyst Trainee

October 2022 - August 2023

- Managed IT Supply Chain Management processes, including procurement, inventory management, distribution, deployment, reverse logistics, and end-of-life management for IT equipment globally.
- Resolved complex customer inquiries with strong problem-solving and analytical skills, ensuring SLA and AHT targets were consistently met. Delivered excellent communication and interpersonal interactions with customers and stakeholders across diverse global regions.
- Utilized the Estore interface and other relevant systems to troubleshoot and resolve technical and logistical issues effectively. Maintained high performance under pressure by managing multiple tasks and prioritizing objectives to achieve operational excellence.

PROJECTS

Stock Price Prediction | Python

- Implemented a machine learning model for stock price prediction using time series data, leveraging Python libraries such as pandas and scikit-learn to deliver accurate forecasting and data-driven insights.

Customer Segmentation and Lifetime Value Prediction in E-Commerce | R

- Implemented customer segmentation using K-means clustering and RFM analysis, identifying key customer groups, including MVPs, to enhance CRM strategies and data-driven decision-making.

CERTIFICATIONS

- Programming for Everybody (Getting Started with Python) by Coursera
- Introduction to Tableau, Power BI for Beginners - Smiplilearn

ADDITIONAL INFORMATION

- Strong problem-solving skills and ability to analyze complex data sets.
- Excellent communication and teamwork skills, collaborating with data scientists, engineers, and business stakeholders.
- Passionate about continuous learning and staying updated with the latest ML and data engineering advancements.
