

Reyna Burke

954-305-6165 | reyna.burke25@gmail.com

Technical Skills

Applications:

Office 365 (Word, Excel, PowerPoint, Project, Teams), Google Suite (Docs, Sheets, Meet, Slides), MS Visio, MS Project, Azure Data Studio, SSIS, TFS, ServiceNow, Jira, Confluence, AppDynamics, Splunk, Azure DevOps Services, Workday, R/ RStudio

SQL & Database Skills:

- **SQL Development:** Proficient in writing complex SQL queries, stored procedures, and optimizing database performance across Microsoft SQL Server, MySQL, PostgreSQL, Snowflake, and Redshift.
- **Data Transformation & ETL:** Experience using SQL for data cleansing, transformation, mapping and integration within ETL pipelines using SSIS and Azure Data Studio.
- **Data Analysis & Reporting:** Leveraging SQL for data extraction, report automation, and business intelligence reporting (SSRS, Power BI, Tableau, AWS QuickSight).

Certification:

- Certified SAFe® 6 Practitioner (April 2025) - SAFe Agile Methodology

Professional Experience

Data Ideology

Senior Data Analyst (Consultant)

January 2025 - Present

- Assisted with Healthcare related data into data warehouse consolidation projects by aligning technical solutions with business goals.
- Conducted data analysis to deliver insights, supported ETL processes, and ensured high data quality.
- Collaborated with cross-functional teams to define requirements and resolve complex data issues, while maintaining clear documentation for data standards and processes.

JM Family Enterprises / JM&A Group

Senior Data Analyst (Data Solution Team)

March 2023 – January 2025

- Gathered and documented business requirements, supporting data-driven decision-making.
- Maintained datasets tied to Power BI dashboards ensuring that data was available for users
- Developed ad-hoc reports and complex SQL queries for internal stakeholders to enhance insights into strategic initiatives.
- Optimized SQL queries to enhance data processing speed and reduce load times.
- Performed data mapping for ETL processes, transforming raw data into structured formats for business reporting.
- Assisted with data migration efforts by mapping source-to-target fields, ensuring data integrity and compliance.
- Utilized SQL and data visualization tools to validate and troubleshoot data mapping discrepancies.

Project: Power BI Dashboard Migration – Operations Sales Reporting

- Contributed to end-user documentation and conducted walkthroughs to support report adoption and self-service usage.
- Worked closely with stakeholders to test, refine, and deploy dashboards aligned to sales workflows and performance tracking needs.

- Implemented Row-Level Security (RLS) to enforce user-level data access, enabling secure reporting by region and/or role.
- Collaborated on the development of interactive Power BI dashboards, supporting the creation and troubleshooting of DAX measures and calculated columns.
- Mapped and validated Tableau data sources to Power BI datasets, ensuring accuracy in sales pipeline metrics and operational benchmarks.
- Gathered business requirements from sales managers and operations analysts, capturing KPIs, audience needs, data sources, and visualization preferences.
- Assisted in the migration of key sales and operations dashboards from Tableau to Power BI to improve report performance, consistency, and usability.

Burger King / Restaurant Brands International (RBI)

Manager, Digital Analytics

July 2022 – March 2023

- Led data analytics and visualization efforts for the BK Digital App/Marketing team, driving over 10% of BK USA's sales.
- Identified enterprise-wide operational opportunities through in-depth customer data analysis, such as reporting on 3rd party delivery that was provided via the vendors (Uber Eats, DoorDash, Postmates).
- Developed and improved complex SQL queries within Snowflake for stakeholders to enhance insights into all types of customers.
- Built KPI dashboards in Tableau using Snowflake, streamlining performance tracking.
- Created executive presentation decks used in franchise and leadership meetings.

Salesforce / Tableau

Tableau Technical Support Engineer

October 2021 – June 2022

- Assisted enterprise clients with Tableau Server/Desktop setup, configuration, and optimization.
- Diagnosed and resolved complex performance issues, enhancing product reliability.
- Improved customer adoption by addressing data connectivity and system integration challenges.
- Provided bilingual support in English and Spanish to global clients.

Springbig

Lead Data Analyst

November 2020 – August 2021

- Managed a team of data report developers, overseeing both internal and client-facing projects.
- Developed and maintained Tableau dashboards for merchants, leading training sessions.
- Created documentation and step-by-step guides in Confluence for internal and external users.
- Administered Snowflake data warehouse operations, ensuring data security and accuracy.
- Built AWS QuickSight reports for internal and client distribution, improving data accessibility.

Lynn University

Systems Analyst – Application Support

March 2017 – April 2020

- Provided technical support and troubleshooting across university departments.
- Developed and optimized SQL scripts and stored procedures in Jenzabar.
- Designed and deployed SSRS reports, training users on data retrieval and analysis.
- Automated grade data transfers from CampusVue to Jenzabar, reducing processing time.
- Led testing and validation of software upgrades to ensure seamless implementation.

Kaplan University

Senior Systems Analyst – Application Support

November 2014 – March 2017

- Managed incident resolution and technical support for university-wide applications.
- Developed SQL scripts and automated jobs to monitor and resolve data-related issues.
- Maintained and updated Crystal Reports for CampusVue, improving reporting accuracy.
- Coordinated with third-party vendors to resolve software defects and integration issues.

Education

Bachelor of Science in Data Analytics

Miami Dade College

Expected Graduation: December 2026

Associate of Arts in Computer & Information Sciences

Broward College
