

Robin Prajapati

Orlando, FL 32819 | (757) 447-2920 | probin.ms@cs@gmail.com | www.linkedin.com/in/prrobin9421

Professional Summary

Results-driven **Frontend Engineer** with 3+ years of experience building enterprise-grade web applications using **React, TypeScript, Node.js, HTML5, CSS3, and Bootstrap**. Proven expertise in **UI/UX optimization, framework development, and component-based architecture**. Experienced in building **accessible, high-performance** applications, reusable libraries, and scalable web frameworks. Passionate about **open-source contributions**, API design, and enhancing developer experience.

Experience

SOFTWARE ENGINEER | BRIDGER INSURANCE SERVICES | AUGUST 2023 – PRESENT

- Developed **enterprise React + Next.js** web apps using SSR and reusable component architecture.
- Created internal **design systems and cross-platform UI components**, improving team delivery by 30%.
- Integrated **RBAC authentication**, OAuth2, and JWT-based secure sessions.
- Reduced UI load times by 40% via DOM optimizations, code splitting, and bundle analysis.
- Built internal micro-libraries and documented them to support 10+ developers.
- Designed REST and GraphQL APIs for microservices; optimized API throughput.
- Led integration of **2FA** and responsive design for all screen sizes.

FULL STACK DEVELOPER | MEDHTECH | JANUARY 2022 – AUGUST 2023

- Built modular **React** and **Vue** components adhering to **Web Standards** and **Accessibility** guidelines.
- Created performance-tuned **GraphQL & REST APIs**, reducing data fetching by 40%.
- Integrated CI/CD with GitLab for frontend and backend, reducing deployment times by 50%.
- Wrote automated tests (unit + integration), improving frontend test coverage to 90%.
- Collaborated cross-functionally to define API contracts and reusable design patterns.

GRADUATE RESEARCH & TEACHING ASSISTANT | OLD DOMINION UNIVERSITY | JAN 2021 – DEC 2021

- Developed AI-based aggression detection system, analyzing behavior and achieving 86.5% detection accuracy through model training and refinement.
- Built real-time dashboards with **Vue** and **GraphQL** for live research data tracking.
- Provided instruction in **Java** and **C++** focusing on data structures, algorithms, and object-oriented design.

Education

MS, Computer Science | Old Dominion University, VA | 2021 – 2022

BE, Information Science | Visvesvaraya Technological University, India | 2016 – 2020

Technical Skills

- Frontend:** React.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Material UI, Tailwind CSS, Accessibility (WCAG), DOM Manipulation
- Framework & Tooling:** Webpack, Babel, Vite, Yarn, NPM, ESLint, Prettier
- Backend:** Node.js, Express.js, RESTful APIs, GraphQL, Microservices
- Testing:** Jest, Mocha, Cypress, Unit Testing, Integration Testing, Visual Regression Testing
- DevOps & CI/CD:** Git, GitLab CI/CD, Docker, Kubernetes, AWS (Lambda, EC2, S3), Google Cloud
- Database:** PostgreSQL, MongoDB, MySQL, Redis

Awards & Achievements

- Awarded for backend optimization**, achieving a **35% reduction** in API latency, enhancing system scalability, database efficiency, and reducing server costs through **optimized queries and caching strategies (2024)**.
- Conducted** a Blockchain Workshop on private and public blockchain applications, educating **over 50 developers**.
