SUMMARY

Experienced Software Developer with a strong foundation in computer science and over 3 years of experience in developing robust, scalable software solutions, particularly in the financial and banking domain. Expertise in C#, ASP.NET, SQL Server, AWS and Azure services, with a strong background in full lifecycle application development, database management, and performance optimization. Adept at collaborating in Agile teams to deliver high-quality software aligned with business goals and industry-specific requirements.

WORK EXPERIENCE

People Tech Group Inc.

Oct 2024 - Dec 2024

Software Intern

Redmond, WA - Remote

- Contributed to secure client-server integrations via RESTful APIs, optimizing performance for handling financial data.
- Leveraged AI/ML models to automate data analysis and improve decision-making processes within cloud-based applications.
- Worked with AWS EC2 and S3 to deploy and manage applications and data storage.
- Configured and managed AWS IAM roles and policies to ensure secure access control.
- Optimized API performance, ensuring efficient and secure service communication with AWS CloudWatch monitoring.
- Familiar with Terraform for Infrastructure as Code (IaC), automating resource provisioning.

Tata Consultancy Services (TCS)

Jul 2019 - Sep 2022

Software Engineer

- Designed and implemented scalable backend services using C#, ASP.NET Core, and RESTful APIs.
- Developed microservices architecture, enhancing modularity and reducing deployment times by 30%.
- Maintained and optimized SQL Server databases, improving query performance by 25%.
- Utilized LINQ to query and manipulate data efficiently in both in-memory collections and databases, minimizing the need for complex SQL queries.
- Followed Agile methodologies, collaborating in product development teams to iteratively design, build, and deploy new features.
- Managed CI/CD pipelines with Azure DevOps, reducing deployment cycle time by 40%.
- Conducted unit testing and automated tests NUnit and Azure Test Plans to ensure robust and error-free code.
- Containerized applications using Docker for efficient development and deployment workflows.
- Created and maintained API documentation using Swagger/OpenAPI to improve team and client collaboration.

Cubicode Pvt Ltd

May 2018 - Aug 2018

Web Application Developer - Intern

- Designed and developed responsive web interfaces using HTML, CSS, PHP and JavaScript, ensuring optimal user experience across devices.
- Contributed to the development of RESTful APIs, supporting seamless integration across multiple client applications.

Certifications

- **AWS Certified Developer - Associate:** Amazon Web Services (AWS) | Issued Nov 2024
Validated expertise in developing, deploying, and debugging cloud applications using AWS SDKs, Lambda, DynamoDB, and API Gateway.

SKILLS

- **Programming Languages & Frameworks:** C#, .NET, ASP.NET Core, ReactJS, Angular, TypeScript, JavaScript, HTML, CSS, PHP, jQuery, XML, NUnit, XUnit, React, Java, Maven, Python
- **Database Technologies:** Microsoft SQL Server, MySQL, PostgreSQL, DynamoDB, Oracle Database, NoSQL, MongoDB, Redis, SSIS, SSRS, Azure SQL Database
- **Development & Architecture:** Entity Framework, MVC Architecture, Microservices, REST APIs, Object-Oriented Programming (OOP)
- **Cloud & DevOps:** Azure DevOps, AWS, Cloud Computing, CI/CD, Docker, Kubernetes, Azure App Services, Key Vault
- **Tools & Technologies:** Jenkins, BitBucket, Postman, Swagger, RabbitMQ, Git, GitHub, Version Control, Linux, Bash, YAML Scripting
- **Other Skills:** Visual Studio, JSON, Unit Testing, Test Automation, Agile Methodology (Scrum), Technical Specification, Communication Skills, Teamwork, Code Review, Problem Solving, Financial Services, Data Analysis

EDUCATION

The University of Texas at Arlington

Aug 2022 - May 2024

Master of Science, Computer Science

Arlington, TX

KLS Gogte Institute of Technology

Aug 2015 - May 2019

Bachelor of Engineering, Information Science

Belgaum, India
