SUMMARY

A versatile professional with background in Data Science, AI, and Web Development with excellent skills in designing and developing software solutions. Skilled in time management, analytical skills, and Certified in cloud services (AWS, Microsoft, Oracle).

EXPERIENCE

Intern - Junior Software Engineer

Opentext

September 2022 - July 2023, Bengaluru, India

- 1.designed interactive prototypes in Figma for an improved user interface experience of efficient and intuitive user interactions.
- 2.assisted in developing a user authentication module for an enterprise information management platform with TypeScript and REST APIs to maximize security and usability.
- 3.Assisted in working with new clients to develop user modules, featuring seamless and interactive user experience, fulfilling project requirements.
- 4.Fixed numerous low to critical-level bugs, incorporating effective feature enhancements to maximize application performance.

PROJECT

Real Estate Management

- 1.Collected and prepared project data, and contributed to the development of key application modules.
- 2.Led the team by assigning tasks, coordinating efforts, and ensuring timely progress.
- 3.Worked on system integration and performed database migration to support a smooth transition of data.

Interactive Projection Technology using Hand Gesture Recognition with Attention Mechanism and ResNet

ieeexplore.ieee.org/iel7/10140172/10140203/10141150.pdf · August 2022 - May 2023

- 1.I meticulously labeled the gesture data to ensure smooth model training.
- 2.I integrated the model with PowerPoint, enabling real-time gesture interaction.
- 3.I identified and resolved bugs, significantly improving performance.

EDUCATION

Master of science - Computer Science

University of North Texas · Denton, TX · 2024 · 3.66 / 4 CGPA

Bachelor of Technology - Artificial Intelligence

Minor in Computer Science · Koneru Lakshmaiah College of Engineering · Andhra Pradesh, India · 2023 · 8.79 /10 CGPA

- Gained expertise in CRM tools like Salesforce, completing over 140 badges.

CERTIFICATIONS

AWS Certified Solutions Architect - Associate

2022

- demonstrating expertise in designing scalable, secure, and cost-effective cloud solutions on AWS.

Oracle Certified Foundations Associate

2022

- Gained foundational knowledge of cloud computing concepts, core services, security, and architecture within the Oracle Cloud domain.

SKILLS

TechnicalSkills

- *Database Management:* MySQL , *Data Analysis & Visualization:* Pandas, NumPy, Matplotlib, Seaborn, *Web Development:* Angular, Node.js, *Version Control:* Git, GitHub, GitLab ,*Front-End Technologies:* HTML5, CSS3, Bootstrap ,*Back-End Technologies:* Spring Boot, *APIs:* RESTful APIs, *Cloud Computing:* AWS (basic)
- **SoftSkills & Languages**
- Analytical Thinking, Time Management & Task Prioritization, Agile Methodologies: Scrum, Project Management Tools: Jira
- Python,JavaScript,SQL,TypeScript,Java,HTML5/CSS3
