

SAI NIKHIL KROSURI

Memphis, TN 38111

(901) 518-8235

sainikhilkrosuri@gmail.com

EDUCATION:

Christian Brothers University, Gadomski School of Engineering

Memphis, TN

Major: Masters in computer information systems

Graduated: May 2025

Cumulative GPA: 4.00/4.00

CERTIFICATES:

ArcGIS Pro Foundation 2025

September 2025

Microsoft Certified Power BI Data Analyst

February 2025

Microsoft Introduction to python programming

June 2022

Amazon Cloud Practitioner course

April 2022

SKILLS:

- **Programming Languages:** Python, ArcPy, Java, JavaScript, React JS, HTML, MySQL, CSS, LaTeX
- **GIS Tools:** ArcMap, ArcGIS Pro, ArcGIS Online, ArcGIS StoryMaps, ArcGIS Survey 123, ArcGIS Web App Builder, ArcGIS Experience Builder, ArcGIS Dashboards, and ArcGIS Field Maps
- **GIS Skills:** Database Management, Web App and Dashboard Development, Mapping, Visualization, Data Collection, Spatial Analysis, Data Editing, Workflow Automation (ArcPy & ModelBuilder), Project Management
- **Other:** Microsoft Excel, Microsoft PowerPoint, Microsoft Word, Microsoft Access, Microsoft Power Apps, Microsoft Azure, AWS Cloud, Git, Jira, Figma, MATLAB, AutoCAD, Catia V5
- **Soft Skills:** Adaptability to New Tools and Technologies, Writing, Time Management, Problem-Solving, Stakeholder Engagement, Communication, Creativity, Teamwork, Attention to Detail, Leadership.

EXPERIENCE:

Allworld Project Management

Memphis, TN

IT/ GIS Technician

July 2025 – Present

Responsible for GIS support within:

- **Memphis Sewer Assessment and Rehabilitation Program (SARP10)**
 - Utilizes Esri tools (ArcMap, ArcGIS Pro, Web Apps) to improve accessibility, assignment, and performance tracking of sewer infrastructure data.
 - Performs quality control, asset digitization, and creates static maps.
- **Monroe Stormwater Evaluation Project**

- Manages databases, digitizes sewer and stormwater assets, and ensures data accessibility using Esri applications.
- **Memphis Stormwater Quality and Quantity Project**
 - Performed QC work for both point and line assets. Automated basin QC accuracy analysis using python API.
 - Developed and Automated daily client emails (City potholes stats, City Drain hazards) using Arcpy and ArcGIS API.
- **City of Memphis General Service Management**
 - Created and maintained database tables with domains, subtypes, contingent values and attribute rules and automated reporting using ArcPy.
 - Utilized ESRI applications (e.g., Field Maps and Web Maps) to provide QA/QC of the data collected.
- **Tennessee Valley Authority**
 - Digitized data collection process by using survey 123 form, Make flows and managed database.
 - Used advance templates for reporting and created automate procedure with zero manual work.

GIS Intern

July 2024- July 2025

- Edited and managed spatial datasets in ArcGIS Pro and ArcGIS Enterprise, ensuring data accuracy and integrity.
- Developed automated workflows with Python, ArcPy, and Power Automate, reducing processing time and improving efficiency.
- Designed and published web maps, dashboards, and applications using ArcGIS Online and Experience Builder for internal and external users.
- Supported users by resolving GIS-related issues, administering systems, and providing training and documentation.

Surface Water Institute, Christian Brothers University

Memphis, TN

Research Assistant

November 2023 – May 2024

- Extracted and processed weather data using Python; integrated with GIS tools for analysis.
- Maintained documentation and administrative records for water-related GIS projects.
- Regenerated technical documents using LaTeX for City of Memphis drainage manuals.

Memberships and Activities

Memphis Area Geographic Council

Member

Tennessee Geographic Information Council

Member

ImagineU Summer Entrepreneurship Accelerator

Memphis, TN

University of Memphis

May 2024 – August 2024

Gained comprehensive knowledge and skills to successfully launch a startup, including developing a clear business model and go-to market strategy, while receiving a \$3,000 stipend for participation and completion.

Student Activity Council

Guntur, AP, India

Vasireddy Venkatadri Institute of technology

January 2021 – April 2023

Being Central working committee member conducted orientation and leadership programs for newcomers. Lead Tech committee and hosted various tech events.
