-

PROFESSIONAL EXPERIENCE

Financial Analyst | AbbVie, Chicago, IL | July 2024 – Present

- Determined global transfer prices using cost-plus and resale-minus methodologies, ensuring accurate alignment of product financial flows across 100+ global manufacturers and affiliates to support compliant and consistent margin structures.
- Reconciled SKU cost data across SAP IPS and TM1 by identifying variances and partnering with cross-functional teams, improving data accuracy and accessibility for transfer-pricing and cost-planning processes.
- Analyzed global affiliate inputs, including target cost profiles, exchange rates, and selling prices, to support precise transfer-pricing calculations and enhance global profitability insights.
- Prepared SOX audit documentation for commercial and manufacturing entities by organizing pre-plan and post-plan evidence, ensuring timely audit readiness and full compliance with internal controls.

Account Coordinator | Hindustan Petroleum Corporation, India | April 2020 – March 2022

- Managed daily financial operations by processing ₹600K+ in cash and card payments and completing end-of-day reconciliations with 99% accuracy, ensuring strong financial controls and error-free reporting.
 - Generated sales and operational performance reports and integrated customer feedback insights, leading to a 10% improvement in customer satisfaction through targeted service enhancements.
 - Analyzed sales and operational data to identify inefficiencies and improvement opportunities, providing actionable insights that supported strategic decision-making for operational and financial performance.
 - Partnered with operations teams to streamline workflows and implement process improvements, reducing downtime by 8% and improving overall service efficiency.
-

INTERNSHIP EXPERIENCE

Trio Tutor & Graduate Assistant | Northeastern Illinois University, Chicago, IL | October 2023 – May 2024

- Delivered personalized tutoring and mentoring to 30+ students, leveraging data tracking to address learning gaps and achieve a 20% improvement in academic performance.
- Developed and implemented 5 tutoring programs with a comprehensive resource guide, boosting tutor efficiency by 30% and standardizing academic support processes.
- Analyzed student performance data to provide actionable insights and mentored new tutors, contributing to a 15% improvement in center operations.

Wealthpreneur | Bajaj Capital Pvt Ltd | May 2023 – July 2023

- Conducted 40+ client engagement sessions to assess financial goals, performing comprehensive analyses that ensured 95% alignment with client objectives, while gaining expertise in investment diversification, rebalancing, and research.
- Generated 100+ leads and acquired 30+ clients, driving over ₹100K in revenue in one month and strengthening skills in finance-sales integration and client relationship management.
