

Sakshi Davda

Business Analyst / Data Analyst

+1 (469) 883-2562 | sakshidavda8@gmail.com | Dallas, TX | LinkedIn

SUMMARY

- Business Analyst** experience in requirements gathering, data modeling, and project management.
- Proficient in translating business needs into actionable specifications and documenting requirements (**FRDs, BRDs, SRS**).
- Skilled in data analysis using **SQL, Tableau, advanced Excel, and Python** for automating data processes and reporting.
- Experienced in designing and optimizing **ETL** pipelines for seamless data integration and working with **ERP** systems to enhance operational efficiency.
- Strong communicator and collaborator, with expertise in conducting workshops and performing **GAP, SWOT, Risk, and Cost-Benefit** analysis to drive strategic decisions.

EXPERIENCE

SVTronics, USA | Business Analyst June 2024 - Current

- Engaged in **Agile** ceremonies like sprint planning, daily stand-ups, and retrospectives to support project execution and development, contributing to a 20% improvement in team productivity.
- Developed and implemented customized systems and software solutions using **Microsoft SharePoint, VBA scripting, and Python** for process automation, resulting in a 40% increase in process efficiency.
- Developed **Power BI dashboards** and **Excel reporting solutions**, extracting data from **SQL databases** using complex queries to provide **real-time insights** for **data-driven decision-making**.
- Utilized **SQL** for querying databases to validate data accuracy and optimize reporting processes, reducing report generation time by 25%.
- Designed and implemented **ETL** pipelines for seamless data integration, enabling accurate and timely reporting and reducing manual data processing time.
- Collaborated with **cross-functional** teams to define and establish key performance indicators (KPIs) to assess the success of ongoing projects.
- Developed comprehensive dashboards and reports to track and visualize **KPIs**, providing actionable insights for project optimization and improvement.
- Conducted in-depth market research to identify industry trends, competitor strategies, and emerging business opportunities.
- Analyzed market data to support strategic planning and business development initiatives, driving informed decision-making.
- Assisted in **financial modeling** and analysis to evaluate the financial viability and impact of potential projects.
- Leveraged **Advanced Excel** for data analysis, including pivot tables, **VLOOKUP**, and complex formulas, enhancing reporting accuracy and streamlining workflows.

Turabit Solutions, India | Business Analyst Feb 2020 - July 2022

- Utilized **Waterfall** and **SDLC methodologies** to manage project execution, ensuring effective **requirement gathering** and clear communication throughout the development lifecycle.
- Collaborated with stakeholders to identify business needs and define requirements for new solutions, resulting in a 20% reduction in scope creep and enhanced **project delivery**.
- Conducted **impact analysis** and **document analysis** to identify **business rules**, optimize operational efficiency, and ensure compliance with business needs, leveraging **Snowflake** for streamlined data processing.
- Specialized in **process modeling, risk analysis, SWOT analysis**, and drafting **functional specifications** to drive process improvement and achieve business objectives, including the implementation and integration of **ERP** systems.
- Automated reporting and **data analysis tasks** using **VBA**, streamlining workflows and reducing manual effort by 30%.

TECHNICAL SKILLS

Methodologies: SDLC, Agile/Scrum, Waterfall
Languages: SQL, Python, Snowflake
Project Management Tools / Documentation: MS Project, MS SharePoint, FRD, BRD, SRS
Visualization Tools / Other Tools: Tableau, Power BI, Microsoft Excel, Figma, Roadmap
Analysis Skills: Cost/benefit analysis, Impact analysis, GAP analysis, Risk analysis, SWOT analysis
Tracking / Software / Other Skills: Jira, Microsoft Visio, JAD, Rational ClearQuest, RTM, UAT, Lucid chart, ETL Process, ELT Process, ERP Systems, Test Outlines & Test Cases, Use Cases & Use Case Mapping, Business Requirements, Requirements Traceability Matrix (RTM), Microsoft Access, Confluence, Smartsheet, Data modeling, Google Analytics
Soft Skills: Time management, Leadership and Management, Project Management, Problem-Solving, Negotiation, Decision Making, Documentation and Presentation, Customer Relationship Management (CRM), Verbal Communication

EDUCATION

The University of Texas at Dallas, Texas, USA
Master of Information Technology & Management
Coursework: Business Analyst | Project Management | SQL | Business Requirements | Requirement Elicitation | Data Analyst
Charotar University of Science and Technology, Gujarat, India
Bachelor of Computer Engineering

CERTIFICATION

CSPO (Certified scrum product owner)- Knowledge Skills
Data Analysis for Marketing - Meta
Business Intelligence (BI) Analyst - IBM
