PROFILE

Ph.D. candidate in microbial genomics with expertise in bioinformatics, microbiology, and population genomics. Driven professional seeking opportunities, available January 2026.

SKILLS

Problem Solving

Data Analysis

Critical Thinking

R

Communication

Python

EMPLOYMENT HISTORY

Jan 2023 — Present

Graduate Research Assistant, University at Albany, SUNY

Albany, New York, United States

Assisted in research and teaching activities within the Biology department, focusing on microbial genomics and bioinformatics.

- Conducted research on bacterial evolution and adaptation mechanisms, utilizing Python and R for data analysis.
- Prepared and graded assignments, providing constructive feedback to enhance student learning outcomes.
- Collaborated with peers on various academic projects, contributing to the advancement of knowledge in microbial genomics.

Jul 2021 — Oct 2022

Research Associate, Independent University, Bangladesh

Dhaka, Bangladesh

In the role of Research Associate, responsibilities included conducting research in the field of biological sciences with a focus on microbial genomics.

- Conducted research projects under the guidance of faculty, contributing to advancements in microbial genomics.
- Assisted in the preparation of research findings for publication and presentation.

Jun 2020 — Jun 2021

Middle School Teacher, Scholastica Limited

Dhaka, Bangladesh

Served as a Middle School Teacher, focusing on delivering educational content and fostering student engagement.

- Developed lesson plans and instructional materials tailored to meet the needs of diverse learners.
- Assessed student performance through various evaluation methods and provided constructive feedback to support learning.

Aug 2018 — Dec 2019

Teaching Assistant, North Dakota State University

Fargo, North Dakota, United States

Contributed to research initiatives in the field of biological sciences while at North Dakota State University.

- Collaborated with faculty and fellow researchers to support ongoing research efforts.
- Contributed to the undergraduate lab courses.

EDUCATION

Jan 2023 — Dec 2025

PhD in Biological Sciences, University at Albany, SUNY

Jun 2020 — May 2022

Master of Public Health - MPH in Public Health & 3.93, Independent University, Bangladesh

Sep 2015 — Aug 2018

Bachelor of Science - BS in Biochemistry & 4.0, Independent University, Bangladesh

PUBLICATIONS	Choudhury, S.T. et al. (2025). Heterogeneity in recombination rates and accessory gene co-occurrence distinguish <i>Pseudomonas aeruginosa</i> phylogroups. <i>mSystems</i>, 10(3), e00301-25. Ansari, P., Choudhury, S.T. et al. (2022). Insulin secretory actions of <i>Eucalyptus citriodora</i> leaf extract. <i>Metabolites</i>, 12(8), 757. Ansari, P., Choudhury, S.T. et al. (2022). Therapeutic potential of quercetin in type-2 diabetes mellitus. <i>Life</i>, 12(8), 1146. Marmion, M., Choudhury, S.T. et al. (2025). Genomic epidemiology of clinical STEC and its resistome. Under revision, <i>Journal of Clinical Microbiology</i>. Choudhury, S.T., Lindberg, S.K., Andam, C.P. (2025). Genomic variants distinguish <i>Pseudomonas aeruginosa</i> from CF sputum and bloodstream infection. Under review, <i>Scientific Reports</i>.
PRESENTATIONS	Oral: ENYSCASM 2024 Trainee Symposium, Albany, NY – Within-species genomic diversity of <i>Pseudomonas aeruginosa</i>. Poster: ASM Microbe 2024 (Atlanta, GA); Life Sciences Research Symposium 2023 (Albany, NY); ENYSCASM Fall Symposium 2023 (Albany, NY); International Conference on Drug Discovery & Development 2022 (Dhaka, BD).
CERTIFICATIONS & TRAINING	RNA Institute Summer Bioinformatics Program – The RNA Institute, University at Albany, 2023
HONORS & AWARDS	Arvid Burke Fellowship Award – University at Albany SUNY Albany 3 Minute Thesis – 3rd Place, 2025 FameLab Bangladesh – National Finalist, 2018
LEADERSHIP & AFFILIATIONS	
Jan 2025 — Present	Vice President – Eastern NY Student Chapter of ASM
Jun 2024 — Dec 2024	Secretary – Eastern NY Student Chapter of ASM
