EDUCATION

KENT STATE UNIVERSITY
Master of Artificial Intelligence (Dec 2023)

Kent, OH
GPA:(3.9/4)

PROFESSIONAL EXPERIENCE

CELEBAL TECHNOLOGIES

Jaipur, IN

Full-stack Developer

Jan 2020 – Aug 2022

- Engineered a scalable e-commerce platform using **AngularJS, React, Redux, ASP.NET, MYSQL and Sitecore**, resulting in a 40% performance boost and enhancing web accessibility (WCAG 2.0 AA) by 60%.
- Spearheaded the implementation of a **CI/CD** pipeline with **Azure DevOps**, decreasing the bug rate by 30% before production releases and ensuring smooth, automated deployments.
- Leveraged **Webpack, Babel, ES6/ES7, and TypeScript** to optimize front-end development processes and improve web **performance optimization**.
- Mentored junior developers and led code review sessions to maintain high coding standards and practices, focusing on **code refactoring** and **design patterns**.
- Directed precise translation of business needs into production releases using **Jira, Confluence**, and **Azure DevOps**. Expertly orchestrated project lifecycles, fostering a culture of excellence and surpassing stakeholder expectations.

FLITWEBS PVT LTD

Jaipur, IN

Full-stack Developer

Oct 2018 – Dec 2019

- Developed **Single Page Applications (SPAs)** with **React** and **Vue.js**, ensuring optimal **user interface (UI)** and **user experience (UX)**.
- Enhanced data consistency by 50% and decreased fraudulent transactions by 30% through expert utilization of **RESTful APIs, GraphQL, OAuth, and JWT** authentication, ensuring seamless communication between front-end and back-end systems.
- Pioneered the construction of robust cross-platform mobile applications using **React Native** and **Ionic**, showcasing and delivering groundbreaking solutions that redefine user experience standards.
- Crafted a dynamic analytics dashboard employing **Angular, Node.js, D3.js**, and **Express.js**, enhancing data accessibility by 80% and delivering real-time insights, exemplifying senior front-end developer expertise.
- Demonstrated expertise in implementing **Server-Side Rendering (SSR)** techniques using **Node.js** and **Next.js** framework, successfully boosting initial page load times by 40% and enhancing search engine optimization (SEO) by 30% across multiple projects.

SKYDA SECURITY TROOPS

Jaipur, IN

Python Developer INTERN

MAR 2018 – OCT 2018

- Championed the integration of **Django** and **Python** into front-end workflows, optimizing backend communication and enhancing overall application performance
- Implemented **responsive web design** principles, enabling applications to adapt seamlessly across various **devices** and **screen sizes**.
- Worked extensively with **Express, MySQL, and MongoDB** to create a robust back-end infrastructure, enhancing data handling and processing capabilities.
- Implemented **version control** best practices using **Git**, facilitating collaboration and code management within development teams

SKILLS

- Programming Languages:** JavaScript, Java, Python, C#, SQL, TypeScript
- Frontend Technologies:** React, Angular, Vue.js, HTML5, CSS3, Bootstrap, Tailwind CSS, Next.js, Figma, Invision, Storybook
- Frameworks & Libraries:** React, Node.js, Angular, .NET, Express, Django, Node.js
- Databases:** PostgreSQL, MySQL, MongoDB, Neo4j, Cassandra
- DevOps:** Git, AWS, Azure, Docker
- Testing:** Jest, Enzyme, Cypress, Jasmine, Karma (Familiar with unit and end-to-end testing for JS/React)
